

WRA Annual Co-Rec Day Set for Saturday; Supper Hike, Sunday

Open to All Students, Cadettes, Air Corps

WRA Co-Rec Day, planned by the WRA club president's board, will be held in front of White Hall from 2 to 5 p. m. Saturday, Jobby McKinley, chairman of the board, announced.

All students are urged to attend and special invitations have been sent to the Air Corps Cadettes and the Curtiss-Wright Cadettes.

Volleyball, softball, archery and square dancing, will highlight the afternoon. A. P. Clark, "The Red-headed Texan," will call for the square dancing. Fistball, ping pong, table games and badminton will also be featured, and refreshments will be sold.

In previous years, tennis, golf, and archery were the only attractions, but this year Co-Rec Day was designed especially to help the Air Corps men become better acquainted with the student body.

A Co-Rec supper hike to the WRA cabin will take place Sunday. Students and Cadets who attend will leave White Hall at 2 p. m. and will return at 7:30 p. m.

Tickets for the hike will be sold for twenty-five cents to cover the charge of the supper. They may be obtained at Student Union, the SeService Center, or from the following club presidents: Florence Kossman, archery; Bea White, badminton; Mottie Harverstick, bowling; Joan Baker, bridge; Hattie Van Riper, dance; Winifred Spahr, golf; Phyllis Watkins, swimming; Nancy Hodgson, tennis, and Carolyn Crooks, outing club.

Students may also buy tickets Saturday at Co-Rec Day, but they are urged by Adele Levin, WRA president, to buy them early.

Both Co-Rec Day and the supper hike will be cancelled in the event of rain.

Unbeaten Delta Chi's Face Beta Theta Pi In Showdown Match

Crucial match of the fraternity bowling league will be rolled off at 9 p. m. today, when Delta Chi's pace-setting squad attempts to protect its league lead and undefeated record against second-place Beta Theta Pi.

Only an 8-0 shutout by the Betas can dethrone the high-riding Delta Chi machine, which has won 14 consecutive matches without a single match loss.

In the last complete round of league matches yesterday, the constantly improving Theta Chi squad maintained its third place slot with a 6-2 win against AGR, Theta Xi racked up its second straight 8-0 shutout to nail down the fourth place position, while Sigma Phi Epsilon climbed into a fifth-place tie with the slipping Lambda Chi Alphas.

Following are the league standings as the top two teams line up for tonight's showdown match:

Team	W.	L.	Pct.
Delta Chi	102	10	.911
Beta Theta Pi	98	14	.875
Theta Chi	80	40	.667

Lambda Chi Alpha	74	46	.616
Sigma Phi Epsilon	74	46	.616
Alpha Gamma Rho	38	82	.317
Beta Sigma Rho	32	88	.317
Tau Kappa Epsilon	32	88	.267
Delta Upsilon	30	98	.234

We, The Women What Are Your Summer Intentions?

Coming back to school for the Summer term is one step toward doing a bit for national defense but that isn't enough. What's done while students are here, what projects are undertaken and accomplished, what courses are studied are important measures of what the college attitude will be.

Therefore, before schedules are made out this next semester, before students outline their work for the Summer, it is hoped that they will look over the catalogue and list of emergency courses and jump on at least one of these victory band wagons. There's room for one in every schedule.

Although the especially-provided CODET courses should receive the attention and active interest of every woman, technical and scientific foundation courses must not be forgotten. Although they do not directly prepare the student for a particular wartime position, they do start a necessary basis for work that women might be forced to do as the conflict continues.

They include such suggestions as mathematics, chemistry, biology, meteorology, agricultural studies, and the like. Many of them are not advanced courses as is the general feeling of students, but will be suitable to any coed from another curriculum interested in making herself a little more war-fit.

Coeds sanctioned the courses offered last semester, but pointed out that they were not informed of them in advance. Granting this, officials offer a period for fair consideration this time. Tasteful or distasteful as the courses may look, if women will sample this training they will prove they can consider something aside from themselves first.

Lacrosse-

his fourth point of the afternoon to make the score 11-1 and Deeley added the finishing touch with a tally just before the third period whistle.

Penn State kept the ball moving a good part of the last period but was unable to whittle down the Hopkins lead.

The worm turned in the encounter with the Middies as sparkling defensive play and well-timed offensive thrusts were the rule. Navy came through on the long end of a 4-2 score.

In the first period Navy took a 2-0 lead as Bonwit and Williams hit the cords, but the Thielmen got them back on tallies by Bill Piper and Tom Mitchell. Piper's marker came with nine minutes gone as he whipped a backhand shot into the net on a pass from Sammy Flenner. Flenner racked up another assist as Mitchell scored Penn State's second goal in 14 minutes.

Close checking and general good offensive play featured the second stanza, only Navy's Montgomery getting away for a tally. The scoreboard read 3-2 at halftime.

Middie Ken Gummerson made the last goal of the game in the third period. Gummerson, incidentally, played freshman lacrosse under Thiel, transferring after his freshman year to Annapolis.

Jim Gotwals, Tom Mitchell, Larry Faries and "Wild Bill" Hollenbach were outstanding for Penn State, while Bonwit and Ochenrider helped Gummerson to make much trouble for the home team. Hollenbach was credited with 18 saves in the tight contest.

The CAMPUSEER

By BOB KIMMEL

This is the last of Campuseer for this semester, and who knows what the next one will bring . . . We don't have so much to say on the light side today, but there are some thoughts that have been chasing round in our head, and we think it's time we spoke them . . . in the weeks just past some of us who have spoken as we thought have been labeled with the "radical" tag, mostly by malicious innuendo, with no chance to reply. Let us here quote Lowell, as supplied by the erstwhile Cassius of the Lean and Hungry Look. . . .

"I honor the man who is willing to sink Half of his present repute for the freedom to think. And when he has thought, be his cause strong or weak. Will risk the other half for the freedom to speak."

Far be it from us to go out on a limb as a crusader or anything like that, but we, as the motto of one of our more modern newspaper puts it, hate to see people pushed around, and when we do, we want to say so . . . don't get us wrong, we're not against student government, for we think the system here is one of the best, but it does have its miscarriages, which we sometimes are permitted to point out in the hope that they may not happen again . . . if that be radical, and reprehensible, so be it. . . .

VALE, VALE, VALE

The Maniac, Bob Kinter, and Cassius Dolinger, the two graduating columnists, have asked us to make their fondest farewells, for they will not have the opportunity to do it themselves, since this week concludes Collegian's publication schedule . . . Kinter is going into the Army Air Corps and Milt is in the Army Enlisted Reserve. . . .

HEARTS AND FLOWERS

The above catch line seems to have caught on with the subscribers for we have been getting mail addressed to it . . . one letter was from Essie Campbell, who is now in Cleveland with her husband, Chuck Scarborough, who is with the Army Air Forces . . . they were married Jan. 3

Ilah Dennis is wearing a diamond from Lt. Boyd Thompson,

U. S. M. C. R. '42, and Doris Dun- kle is wearing one, too . . . her intended's name is not known to us . . .

GREEN GRASS

But not for you and us, for no doubt you have already seen the bad news on the spot where we usually appear . . . It'll be cram and cram, and then cram some more . . . but before you begin, take time out to go see the joint operations on the golf course tomorrow when the combined ROTC outfits parade . . . so long.
