AND SO ARE UNNECESSARY LONG DISTANCE CALLS

War calls, vital for victory, must go through PROMPTLY. But they can't if telephone lines are needlessly congested. Do your part in speeding essential calls by following these suggestions:

1. Make only URGENT Long Distance calls to war centers like Washington, Chicago and Detroit.
2. When you DO use Long Distance, give the operator the number of the distant telephone, if you can.
3. Keep all your Long Distance calls AS BRIEF AS POSSIBLE.
4. Try to avoid calling between the hours of 7 to 10 P.M. That's when most Service Men are calling home.

Have a Coca-Cola = Welcome, Short-Snorter

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

...from family fireside to far-flung fronts

When short-snorters (trans-ocean flyers) meet and compare their autographed dollar bills, the invitation Have a "Coke" is fairly sure to follow. At home and abroad Coca-Cola has become a symbol of those who see things in a friendly light.
