

Halberg, provisional wsga head, sets freshman orientation plans

Patricia Halberg, WSGA vice-president, will be provisional president of Senate next semester since Patricia Diener, president, will take a semester's leave of absence when she goes to Merrill Palmer School, Michigan.

Doris Funk, junior senator, will assume Miss Halberg's duties as speaker of the House of Representatives. This leaves a temporary vacancy in the slate of officers. It was therefore decided that a junior senator would be appointed when Senate meets next semester.

Teresa Haskins will serve as the new freshman representative to Judicial, according to a vote taken at last night's meeting.

The following dates concerning freshman orientation plans were released by the president and approved by Senate. Upperclass women will pop-in on the freshmen in their respective houses and dorms from 7:30 until 9 p.m. Sunday, October 31. Freshmen will pop-in on the upperclass women in return on Sunday, November 7.

Nomination of freshman hall officers will be held Monday night, November 15, and elections will follow on November 22.

Ann Louise Decker, town senator, urges any upperclass women who still want to be big-sisters to obtain blanks from the dean of women's office. All those who have filled them out should hand them in to hall presidents, dormitory hostesses, or at the dean of women's office immediately.

Complete coed attendance at the convocation at which Governor Martin will speak was stressed by Miss Diener.

This meeting completed the semester's schedule. Miss Diener will resume her activities as president in March.

For men in the service the best loafing of all is furloughing.

Surgical dressings closes for semester as workers hit peak

Surgical dressings for the month of September hit the highest peak for the semester, totaling 4,093 made by 149 coeds in attendance, according to Mrs. D. W. Davis. The activity will resume next term on November 3.

Mrs. Davis commended last month's record, but it fell below the semester's highest level which was in April when 4,517 bandages were rolled by 102 coeds. The record for August reveals dressings amounted to 2,372 and attendance, 107. The growing consciousness in the effort is indicated by the rise from November and December of 1942 when 400 dressings were made.

The largest attendance for a single meeting numbered 75 on September 8 when dressings totaled 1,129, as compared to the lowest, 23, on Wednesday. This group made 536 dressings.

Delta Gamma took the lead for the largest representation at a sin-

gle meeting when 13 attended on September 22.

Group representation for the entire month of September was:
