

Announce Gifts Made Recently To College Library

Several gifts of books and other valuable material made recently to the College library were announced this week by W. P. Lewis, librarian, and Gladys R. Cranmer, assistant librarian.

Mrs. W. G. Edwards has given the minutes of the class of 1868, of which her father, Dr. William A. Buckout, was secretary. The library already has the minutes of the class of 1911. Gifts of minutes of other classes will be welcomed by library officials.

From his home in Florida Dr. Louis E. Reber, '80, and dean of the Engineering School from 1895 to 1907, has sent the library his reminiscences of the College covering the period from 1876 to 1907, when he left to become dean of the extension division of the University of Wisconsin.

A. Howry Espenshade has done the same for the period of 1898 to 1938. Mr. Espenshade was with the College many years, part of the time as a teacher of English composition and part of the time as registrar.

George R. Meek of Bellefonte, an alumnus of the class of 1890, has contributed, among other things, a copy of "The Students' Miscellany," a weekly publication of the Cresson Literary Society. This is a four-page issue of Vol. 27, No. 5, February 4, 1887, and the first to be received by the library. Aside from the advertisements it gives the "Programme for Friday evening, February 4," which consisted of the play, "The Stolen Will," a comedy drama in three acts. It was given in the College Armory.

It also includes two columns, one called "Small Talk" and including such items as "The right man in the right place—George W. Atherton"; the other, called "A few things we need at P. S. C.," including such as "Friends—that is, more like those we have; Students; A new Chapel; A new Laboratory; A new Gym and Armory; An addition to the Library." A few alumni notes are also included.

Dr. C. E. Myers and Dr. J. F. Oesterling have also made recent contributions to the library files. These gifts have been included in the Penn State Collection of the College Library.

John A. Ferguson, emeritus professor of forestry at the College, has recently presented a beautiful set of books entitled "The World's Great Classics." The gift is made in memory of Susan K. Becker Ferguson, Mr. Ferguson's first wife, who served as a member of the College library staff for a number of years.

The set includes complete printings of many great classics, including "The Federalist," Froissart's "Chronicles," Ranke's "History of the Popes," Kant, Montesquieu, and other works.

Graham & Sons Means Real Penn State

(Continued from page two) ing man in his fifties walked through the door, grabbed George by the hand, and asked how everything was up at old Penn State.

Then out the door walked Jimmy Leyden '14, one of the best Penn Staters ever to leave Mount Nittany. To Jimmy went all the trimmings of a college life. He was head cheerleader, wrote the Penn State song, sent two children back for studies years later.

Tomorrow someone else will be back. Graham's will always mean Penn State to Penn Staters.

—R.C.R.

Mrs. Elizabeth Dye of the home economics department was guest of honor at a dinner last night in the Benedict Home Management House.

Triple-A
AAA in the Army stands for Anti-Aircraft Artillery, but with screen actress Lynn Baggett, above, it means "Adorable, Amiable, Amorous." At least so say lads of the 144th AAA Gun Battalion, Camp Hahn, Calif., who picked her as their "Triple-A Girl."

Six Profs Attend Chem Convention at Cleveland

Six members of the department of agricultural and biological chemistry represent the College at the American Chemical Society meetings being held at Cleveland this week.

Members attending are R. V. Boucher, R. A. Dutcher, N. B. Guerrant, R. C. Miller, J. W. Pence, and M. G. Vavitch.

Doctors Vavitch, Guerrant, and Dutcher will present a paper before the biochemical division on "The Utilization and Excretion of Ascorbic Acid by the Dairy Cow."

Dr. Guerrant, chairman of the division of agricultural and foods chemistry, will also preside at the symposium on protein nutrition.

The Delta Gamma sorority recently pledged Sally Howard, it was announced today.

CLASSIFIED SECTION
