

Commencement Set For June 22; Registrar Lists Graduating Seniors

Spring Commencement will be held in Schwab Auditorium, 3 p.m. Thursday, June 22. Cards for admission will be required for guests. Graduating seniors may obtain three cards at the Registrar's office after June 1.

Academic costume, which will be required for all except those in the armed forces, may be ordered through Student Union. Candidates for advanced degrees will order caps and gowns through Professor G. J. Stout, 2A Hort Building.

Graduates may get their instructions from the offices of their respective departments after June 1.

As in the past few semesters, graduating seniors who are candidates for the bachelor's degree will be exempt from scheduled final exams. Class work for these students will end Thursday, June 15 at 5 p.m. All grades must be in the office of the Registrar not later than Monday, June 19, at 8 a.m.

Members of the faculty who know of a person whose name is included in the following list who cannot be graduated should turn that name into the office of the Registrar at the earliest possible date so the person may be notified that he must take scheduled final examinations.

Any student who expects to graduate on June 22 and whose name does not appear in the following list should report this fact in writing, as soon as possible to the Registrar's office.

The following is a list of the graduating seniors:

50 Newfoundlanders Take Agriculture Course At College

"We came to see America," explained 50 Newfoundlanders who arrived at the College early Tuesday morning for an intensive three-day course in agricultural methods before going to work on Pennsylvania farms as "duration farmers."

The two main differences which they had noted between their homeland and the United States were the climate and the American manner of speaking. With a British accent, they explained that it was cooler in Newfoundland and asked if it would become still warmer in Pennsylvania.

The group of 50 single men, most of them from the Avalon

Peninsula, had traveled four days to reach the College, by boat to Sydney, Canada; by train from Sydney to Montreal and on to New York, and then to State College by bus. They are staying at the old Phi Sigma Kappa house at 500 South Allen street.

They are the first of a group which will be brought to this country by the Federal Department of Agriculture as "emergency farmers" to help alleviate the labor shortage in the north-eastern states.

During their orientation period here at the College, they are studying dairy operations, hitching and handling of horses, feeding, watering, barn chores, sanitation, gardening, and general farm life.

The men will leave tomorrow morning to start their farm work—20 to Butler county, 12 to Washington county, 13 to Lancaster county, and the remainder probably to Blair county.

Many of the new farmers were formerly employed as fishermen or worked on United States military installations in Newfoundland. Their previous farming experience was generally limited to dairying or poultry work, they said.

Chapel Choir Presents First of Hymn Series

Chapel Choir will present the first in a series of selections from Felix Mendelssohn's "Hymn of Praise" at regular chapel Sunday.

The anthem for this Sunday will be the opening chorus of the cantata which develops the text. The second in the series, "I Waited for the Lord," will be sung May 21. Soloists with the choir will be Louise Neff and Ruth Hill, sopranos.

Long range battering rams, these big mobile guns bombard enemy positions, laying down a creeping barrage in advance of our infantry and tank attacks.

Gun crews keep in close touch by telephone with "fire control." Over quickly laid networks of wires the battery command coordinates these heavy artillery units, effectively focusing their combined fire power.
