

Old Mania

Latest story making the rounds in Ath Hall is about the coed who thought a cerise evening gown was a backless one. (Well, isn't it?)

Pins and Rings

Flo Krieger, SDT, has annexed the phi sig pin of Herby Hasson, campus hot dog famous among other things for the latest in beyootiful sports jackets. Eejay Phillips wears Bill Boust's Delta Chi pin. Bill was a former V-12er here. On the other side of the ledger is the parting of the twain between debater Ed Zemprelli and Theta Jean Bailey. She has returned his Sigma Chi pin.

Kappa Irish Mathewson is sporting a huge... but big... sparkler from Naval Petty Officer Russell Dey, former University of Pennsylvania man. Ann Cohen is also engaged... to Ens. Paul Bohm now at Boston Naval School. Ens. Bohm was here in the Navy Diesel program. Anna May Baird, former alpha chi pledge, and John Anstine, kappa sig alum, will have been married in Lock Haven by the time this sentence gets into print.

In State College

Theta Dorie Campbell and Barrett Heckler, delt, were back visiting... and no, they're not married they want everyone to know... Seems a rumor to that effect had infiltrated the campus. Barrett, who is waiting for his term at Jefferson Med School to start, is very happy about the news of the Delta Tau Delta house opening again. A rugged Marine trainee, on the football team at Franklin and Marshall, was up to see Kitty Vogel, kappa... Pvt. Rube Faloon, former bigwig... Cabinet, Collegian, honoraries galore—was up to see his wife Peter... Mary Matry, AOPI alum, and George Kerr, delta sigma phi, were visiting for the weekend. For the benefit of those who came in late, they've been pinned since last semester. Pfc. John Egli and his wife journeyed up... John was Coach Lawther's pride and joy on the varsity basketball team a few semesters back. Betty Dux, gamma phi beta, visited PiKA

By NANCY CARASTRO

Henry Myers, last week... Betty is working in Wilmington for the DuPont company. Doodie Vreeland was also back. She is working for Curtiss-Wright in New Jersey along with five other State alums. Among them are Professor Torrence, former engineering prof, and Neil Chandler, one of the biggest of the Big Time Operators in his day. Joe Golembeski, phi sigma kappa, is pitching for the PONY League (Pennsylvania, Ohio, and New York) while waiting to enter Columbia Med. School. He trekked up to see Mary Glenn, town girl.

Betty Shenk, theta, back from camp counselling saw Bill Kelly, ATO. Expected back are PiKA Johnny Church, and kappa sig Bill Couders, both alums now at U. of P. Vet Hospital. Seaman 1/c Don Rose, sigma chi, visited with the brothers. Paul Schaefer, former Theta Kappa Phi, has successfully completed Officers Candidate School, and stopped by on his way to Camp Claibourne, Louisiana. Bet those shiny new bars feel good. Kappa Julie Gilbert was back. Stayed with Janie Watson, town girl. Judy Richmond came up to visit Joan Wolfe, delta gam.

Out of State College

Among those who left town last weekend, besides a horde of V-12er's, was SDT Shirley Levine, who went home to see Pfc. Milt Feldman, gamma sig. Milt came up here the weekend before. Delta gam Sis Kehler went to New York to visit her fiancé Ens. Herb Martin. Jeane Bradshaw went home to Maplewood, N. J., accompanied by AS-TP Pvt. Blair Headley.

On one of our frequent trips home to see Ens. Max Faget, now stationed at New London, Conn., Maniac saw Marine Pvts. Jerry Sapienza, Walt Kemmerer, Gilbert Huber, Don Walls, and Jimmy Stewart making merry on the train. Huddled in a compartment intended for luggage, four of the gyrenes entertained themselves and the passengers by singing State songs, V-12 songs, and songs "in general." Maniac.

Ship Ahoy

By A/S FRED VOGEL

Schedule 411, composed of men who are in their fourth semester of V-12 training, will have a dinner-dance 29 September, at the State College Hotel. The men, upon receiving their commissions, will be the first class of V-12'ers to receive their entire training through the Navy's College Training Program. The dance is being given as a farewell toast culminating 16 months of training and as a salute to Midshipmen's School, which is the 411's next station.

The chairman of the dance is A/S Bob Zusman. The entertainment is being handled by A/S Charles Tuckey, A/S Jim Reinard, A/S Ed Lee, and A/S Roland Berz. The V-12 dance band will be on board to provide music. The 411 Quartet and Jam Session will give out with some special numbers.

Commander Wisner has granted special liberty to the 411's as the dinner-dance is being given on a non-liberty night.

Aboard the Starboard Beam

A/S Hobart has been spending most of his spare time at Grange. A/S Ed Fisher, "the Body Beautiful," is now fighting it out with A/S Mullins. The winner

receives the title of "Mr. Muscle-bound of Bks. 29." Pvt. "Moon" MacDonald has weathered 23 hard days without receiving one letter from his beloved. A/S Harry Sperber and A/S Leon Winitzky spent a few hours with Lt. P. F. Middleton on Saturday, discussing old times. A/S Kenny Holt has a deep affection for Tyrene, or should we say "in Tyrene"... Ask A/S Smokey Stover who A/S Doc Willison calls long distance and reverse the charges.

A/S Bob Humphrey, although dating the Treasurer of the Freshman Class, is not interested in her money. If Pvt. Earl Bruhn, varsity quarterback, gets off to a good start, the big inspiration may be the pretty Freshman cheerleader. Bks. 20's dance tomorrow night will be entertained by a few Hollywood personalities.

A/S Walter Nickle now rates a hash mark indicating four years in the Navy. A/S Robert Glenn has received the honorary title of "Sweetheart of the GSO." A/S Paul Roland has been having blonde trouble. A/S Ross Fife is managing Bks. 29's dance 30 September.

Front And Center

Two former students at State—Second Lt. Francis B. Musser, 23, and Second Lt. William S. Bates, 22, celebrated another mutually-shared experience in their flying careers when they received the Air Medal at an Eighth Air Force airdrome.

Mutual Experiences

They fly in the crew of the B-17 Flying Fortress "Skipper II," Lt. Bates as bombardier and Lt. Musser as co-pilot—and they've managed to stay on the same crew since their cadet days. Together they've come safely through some of the most trying air battles over Europe. The birdmen received the Air Medal in recognition of "exceptionally meritorious achievement" while on the missions over enemy-occupied Europe.

Once, from an attack on a target at Regensburg, Germany, their bomber returned alone, having been separated from the formation during a violent pitched air battle with German fighters. They tell stories of the time over Merseberg the flak was so bad "you could walk on it." Targets at Leipzig, Hamburg, Munich, and other industrial centers in Germany have also been on the calling list of Skipper II. After a raid on one of the synthetic oil plants one of Skipper's engines was hit badly, but they got back. According to Lt. Bates "those Fortresses really come

back..."

On The Beam

At Turner Field, Albany, Ga., the following were awarded their much coveted wings and commissions as Second Lieutenants: John William LaRue... William Carl Larson... James Archibald McKechnie... Edmund Newman Giles Jr.
