Artists' Course Offers Priorities

Students may secure "priority" numbers for this season's Artists' Course Series from the Athletic Association ticket office, in Old Main between 4 and 4:30 p. m. Tuesday, October 31, according to an announcement from Dr. Carl E. Marquardt, chairman of the Artists' Course committee.

Numbers will be issued to faculty members and townspeople from the AA ticket office between 4 and 4:30 p. m. Wednesday, November 1.

Each priority slip will designate to the prospective purchaser what time he will appear for his ticket on the day of the sale and also his place in the ticket line. Numbers for each hour will run from 1 to 40.

One priority number will entitle a purchaser to as many as six seats—provided students buy only student seats and faculty members and townspeople secure seats only for themselves.

"Proxies" may be used in the purchase of tickets, but written authority from the original holder of the priority number must be presented at the ticket window, Dr. Marquardt stressed.

Student tickets will go on sale from the AA office beginning at 8 a. m. Wednesday, November 1, and faculty members and townspeople will purchase tickets on Thursday, November 2.

First number of the series will be "Carmen" on November 3, followed by Yehudi Menuhin on December 15, and Jesu Maria Sarrama on February 2. All performances will be held in Schwab Auditorium beginning at 8 p. m.

1944 LaVie Receives All-American Rating

LaVie for 1944 has received All-American Honor Rating from the National Scholastic Press Association of the School of Journalism at the University of Minnesota.

The 1944 LaVie was the last yearbook published by Penn State students until after the war. Harry C. Coleman, now in Officers' Candidate School at Fort Benning, Georgia, was editor in chief of that issue.

NSPA officials have advised the editor that the All-American rating represented a "real achievement on the part of those responsible for its production. As one of the best, the LaVie will be placed on the NSPA Loan Service and will be seen by hundreds of other editors during the year."
