700 New Students Arrive On Campus
Class of '48 Assembles At Frosh Mass Meeting

Approximately 700 new students arrived on campus Tuesday to form the class of 1948. They assembled in Schwab Auditorium Tuesday night for a welcome mass meeting.

Immediately following the mass meeting, freshman men students met with their student counselors to discuss various phases of campus and classroom life. Counselors headed by Guy Newton, chairman, included Michael Lynch, Joseph Krug, Charles Alcorn, William Kelly, Frederick Dietz, James Hugo, James Ray, Robert Gleichart, and Paul Pioth.

At this time freshman coeds were welcomed at a circus in the Armory sponsored by PSCA. Highlighting the program of games and refreshments was Nancy Harrington wearing the Lion costume and tumblers from State College High School.

Deans and department heads addressed the group at a convocation in Schwab Auditorium Wednesday morning. Then the newcomers met with their individual faculty advisors. The remainder of the day was spent in taking psychology, English and physical examinations and at song and cheer practice led by Prof. Hummel Fishburn.

Student leaders spoke at a mass meeting Wednesday night and James T. Smith, general secretary of PSCA, and town ministers addressed the incoming freshmen last night. A get-acquainted gathering in the form of a cider and doughnut party was sponsored by PSCA for freshman men Wednesday night.

X-G-I Members to Help Veterans at the College

In order to help ex-servicemen orient themselves to life on campus, members of the X-G-I Club will station themselves at the Armory during registration today and tomorrow. They will wear arm bands or some other recognizable insignia.

Any freshman veteran may go without customs pending a decision by Tribunal, J. Paul Pioth, president of the X-G-I Club, said today. He also urged any veteran who is under 20 to wear customs so that the process of orientation may be speeded up.

ROTC is not required of any veteran who has spent 90 days or more in service. There is no mass exemption from the physical education program. Each case is individual. The veterans should consult Prof. Robert Galbraith, their advisor.

The next meeting of the X-G-I Club will be at the American Legion Home, Nittany and Pugh streets, Thursday night.

PSCA to Stage Dinner For Forum Unit Leaders

PSCA will give a dinner for all unit leaders who will organize the first semester coeds into the Freshman Women's Forum at the State College Hotel, 12:30 p. m., Sunday.

All coeds receiving invitations are urged to reply to Betty Farrow at the PSCA office immediately if they have not already done
