SAVING AMERICA TIME AND EFFORT

TO DEVELOP AND USE ways and means for saving time and effort is a typical American trait. You see it among your classmates and you exhibit the same shrewdness when you send your packages, laundry and baggage, home and return, by Railway Express. The pick-up and delivery at your door, and the quick forwarding by fast trains, or by superspeed Air Express planes, is a shipping service unique in American life. It has saved time and effort for generations of college students.

These nation-wide facilities are now being utilized to their utmost by the government, industry and the public. You can help Railway Express to carry its share of this war-time load by doing three simple things: Wrap your packages securely—address them clearly—express them early. "A shipment started right is half-way there."

Tips For Frosh On Open House

To the many eligible rushees, freshmen or otherwise, tomorrow afternoon will be an important one. Dressed in their best, these eligibles will troop about campus to the sorority houses and suites from 2 to 4 p. m.

More than ever, freshmen will need to use discretion in their decisions. They must remember that sorority life is not one party after another and that most of the time sorority life consists of informal, more natural contacts. Parties show houses at their best.

So look around, frosh, and judge houses on informal as well as formal occasions.

Weigh sororities and decide if you honestly want to join one for more than superficial reasons such as appearance or popularity.

While weighing the pros and cons of joining a sorority, remember that some of the cons are that sororities limit friendships to a small group. Expense involved in becoming a sorority member could be put to more educational use. Time demanded by sororities and their activities take too much time from studies.

On the other hand some of the pros for becoming a Greek are that since it is impossible to live in the houses until the senior year, there is ample time to make friends outside the house. Through specially arranged programs, formal meetings, outside activities, sororities have more than proved their educational as well as social values. After graduation there is a definite bond with the Alma Mater as well as with college women throughout the nation.

So make up your own mind, frosh. Don't be swayed by so-called advice. You are the ones who know what you want.

The total amount received from solicitation of every coed will be divided among the Mifflin County Children's Aid Society, provid-

ing gifts for children in foster homes; the American Women's Hospitals, whose work includes disease prevention, child health, maternity work in needy sectors, and aid to refugees; and Mrs. Hetzel's Fund for Emergencies, which assists students to meet emergencies by loans for hospital care, small fees, and travel.
