

She Doesn't Live In A Shoe But Still Has Plenty To Do

By BARBARA INGRAHAM

"There once was a woman who lived in a shoe—"

Of course Mrs. E. R. Granger, supervisor of dormitories, doesn't live in a shoe, but with 1200 girls for whom to make a home there are times when she wonders just what to do.

"You might think of my job as compared to your mother keeping house on a much larger scale," Mrs. Granger explained. "It is a matter of keeping the building clean and in good repair, supervising the workers, replacing furnishings and equipment that wear out, and in short, looking out for the comfort of the girls. I supervise 14 buildings and there are 40 employees in my department."

The greatest problem caused by the accelerated program, Mrs. Granger revealed, is the lack of time between semesters in which necessary repairs can be accomplished. At times it has been necessary to repair the buildings while the girls have been living in them. Her department has not been faced with either a manpower shortage or a laundry problem. Curtailed production of civilian goods has made it increasingly difficult to replace furniture coverings and other equipment that is gradually wearing out.

"The work challenges your wits to keep up with the girls," the dormitory supervisor said with a smile. "It is impossible to get ahead of them," she added.

Reminiscing, Mrs. Granger recalled the time when she asked a coed why she had pasted stars on the ceiling of her room at Mac Hall. "It just added something to the room and gave me something

to look at nights," explained the coed.

"I have often wished," Mrs. Granger stated, "that the girls would get to know my department better and not look upon it as just an office from which rules and regulations come."

Mrs. Granger was born in Lynn, Mass., and studied institutional management at Simmons College in Boston. Her husband is with the Bureau of Ships in the Navy Department.

Mrs. Granger's first work at the College was as assistant supervisor of the dining commons. Shortly after she assumed her present position, she had the task of planning the necessary furnishings and equipment for Atherton Hall.

Women In Sports

Junior-seniors dropped a close game to the sophomores in the final Interclass basketball tilt, 43-40, Ann Baker led the scoring for the victors with 30 points.

The line-up follows

Sophomores: Ann Baker, Pete Snyder, Phil James, and Jean Keeler, forwards; Betsy Ross, Susan Geiger, and Mary Lawther, guards.

Junior-seniors: Irish Craig, Esther Miller, Becky Walker, and Alice Hooper, forwards; Mary Ann Jennings, Violet Kugris, Eleanor Wills, and Eunice Hurlburt, guards.

Second semester coeds downed the first semester frosh 17-10. Top scorer was Sally Carman for the victors with 8 points.

Semi-Finals

In the semi-finals the junior-senior quintet topped the second semester frosh, 37-17. Becky Walker of the winning team set the pace with 23 markers.

The line-up follows:

Junior-seniors: Alice Hooper, Irish Craig, and Becky Walker, forwards; Violet Kugris, Eunice Hurlburt, and Eleanor Wills, guards.

Second semester freshmen: Nan James, Sally Carman, Claire Parks, Lucille Martin, Shirley Thompson, Mickey Barnett, Suzanne Caveny, and Constance Micele, forwards; Marilyn Miller, Ruth Eister, Barbara Knoll, Mildred Yerkes, Lovetta Dinius, and Wanda Rickard, guards.

Keplers Meet

Mac Hal coeds defaulted to Alpha Xi Delta in bowling. Thetas and Delta Gamma keplers deadlocked. Chi Omega and A Chi O's downed Women's Building and Zeta Tau Alpha respectively.

Chi Omega blanked the Phi Mus in the table tennis tourney, 21-19, 21-13, 21-8 in the singles; 21-5 21-7 in the doubles. Ath East and Alpha Ci Omega won by default

Sorority Shorts

ALPHA CHI OMEGA pledges gave a St. Patrick's Day party last Monday night for alumnae and actives. Mrs. Henry S. Brunner reviewed "White Cliffs of Dover" at the party.

ALPHA EPSILON PHI entertained Aletheia at tea last Sunday.

ALPHA XI DELTA pledges featured a chalk-talk by Mrs. R. S. Esh at their tea for other sorority pledges last Saturday.

GAMMA PHI BETA pledges held a tea for actives last Sunday. A tea for pledges from the other sororities will be given this Sunday.

KAPPA ALPHA THETA: Dr. J. Paul Selsam addressed the chapter last Monday on "Russia and the United States." Actives and pledges will entertain the Ex-GI Club this Sunday.

KAPPA DELTA plans its formal pledge dance for tomorrow night at the Nittany Lion Inn.

SIGMA DELTA TAU actives were guests of Mrs. Charles Petnick, patroness, at a tea last Sunday. The chapter observes Founder's Day this Sunday, when the sorority will be 28 years old. Mr. and Mrs. Arnold Kalin will entertain Sigma Delta Tau pledges and Phi Epsilon Pi members at dinner this Sunday.

ZETA TAU ALPHA: A tea in honor of Mrs. Blaine C. Hayes, chapter counselor who is visiting this week, will be given in Atherton Hall tomorrow afternoon.

Frosh to 'Pop-In'

Freshman coeds will "pop-in" on upper class women from 7 to 9 p. m. Sunday. Each semester two "Pop-in Nights" are fostered by WSGA to better acquaint coeds of the various semesters. Last week the upper class women visited freshman coeds in their dormitories.

The College's Engineering Experiment Station was the third of its kind to be established in the United States.

from the Tri-Dorms.

Gamma Phi Beta defeated Zeta Tau Alpha 19-21, 17-21, 21-18, 21-11 in the singles; 21-19, 17-21, 21-14 in the doubles. Alpha Xi defaulted to SDT. Ath West downed Theta Phi Alpha 17-12, 18-21, 14-21, 21-18, 21-18 in the singles, 21-17, 15-21, 21-14 in the doubles.

Army-Navy Playoffs

Any dormitories wanting to make up teams for Intramural badminton, table tennis, and bowling should submit their names to Becky Walker, WRA Intramural chairman.

Four coeds are necessary for a badminton team, four for table tennis, and five for bowling.

All College Army-Navy games will start on Tuesday. The teams will be made up of the outstanding players from the Interclass games.

WSGA Donates \$300 To Red Cross Drive; Extends Frosh Dating

Betty Copland, a member of a Red Cross committee, spoke to WSGA on the work of the Red Cross overseas. WSGA voted to appropriate \$300 to the local unit for their current drive.

Senate approved a motion presented by Betty Robinson, judicial head, extending dating privileges for second semester freshmen women from 5:30 to 7:30 p. m. The new regulation will go into effect Sunday.

Six members of Freshmen Council will be chosen by Senate to serve on Freshman Customs Board.

Betsy Merkle presented a report on Pan-American Day plans. WSGA will help with publicity for the forthcoming celebration. They voted to donate one dollar to the Pan-American treasury.

Betty Robinson was appointed chairman of a committee to plan a campaign in cooperation with OPA requests to cut down on heat and light. Phyllis James will represent Senate on Old Main Open House Committee.

Jan Jansson will head a committee to investigate the pre-war traditional May Day. The committee will determine whether such a celebration would be feasible this spring.

'An Eye On Yourself' Streamlines Coeds' Hair Styles, Grooming

Color combinations, hair styles, manicures, and grooming provide the basis for one of the most unusual courses on campuses, "An Eye on Yourself."

Conducted by Miss Anne Ryan, graduate assistant in the School of Home Economics, it is a highly personalized clinic.

"Few girls use all of their assets," Miss Ryan explained. "Therefore I feel that by working with them, rather than at them, I can make them conscious of their good points and attractive features."

A graduate of Utah State, Miss Ryan was prominent in extracurricular activities. She was president of Associated Women Students organization, secretary of student council, vice-president of a local senior honorary and was listed in "Who's Who in American Colleges" for 1943-44. She held also the unique position of regimental sponsor of the ROTC.

"That was mostly to keep up the spirit of the unit and to add a little pep," she explained.

This same pep Miss Ryan instills in the girls who come to her in 223 Home Economics building each Friday.

Coeds to Participate In Nine Home Debates, Coach Schug Announces

Women's debate team will participate in nine home debates from 7 p. m. to midnight Thursday, it was announced today by Clayton H. Schug, coach of the coed debate squad.

Affirmative squad and its debates follow: June Rosen, Jo Ann Roraback, and Andrina Winning, chairman, Shippensburg mixed team; Miss Rosen, Miss Roraback, with Dorothy Cohen, chairman, Cedar Crest College women.

Barbara Morrison, Betsy Marshall, with Nancy Bartch, chairman, Gettysburg College women; Miss Morrison, Miss Marshall, with Betty Coplan, chairman, Seton Hill women.

Jean Gedeon, Rose Ann Wilson, with Betty Maginnis, chairman, Geneva College men; Miss Gedeon, Miss Wilson, with Jeanne Barinott, chairman, Susquehanna mixed team.

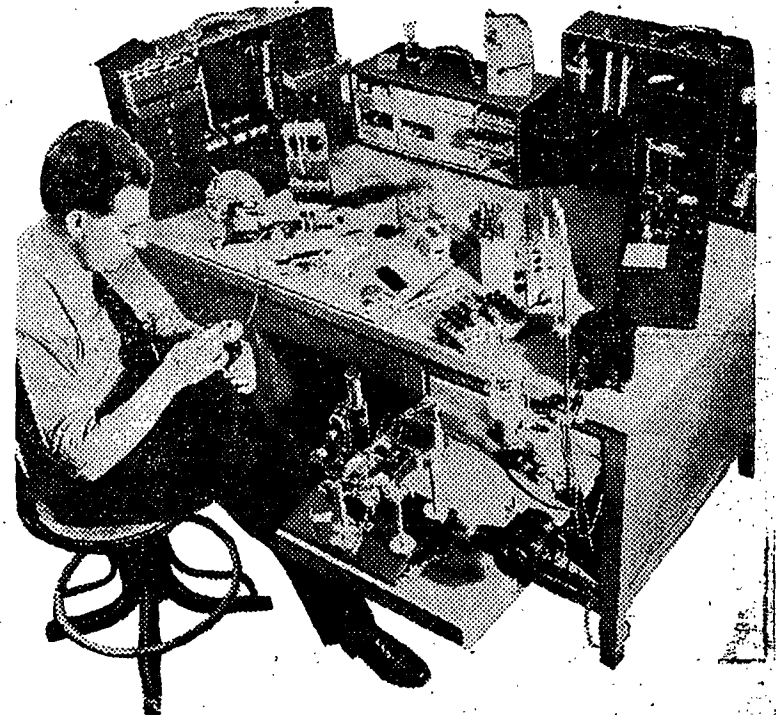

The negative team will debate as follows: Jean Dalton, Ann Stoltz, with Shirley Milner, chairman, Gettysburg women; Allene Barber, Marion Bryan, with Anne Hay, chairman, Temple men; Ina Rosen, Ruth Fried, with Joan Huber, chairman, Susquehanna mixed team.

At the Seton Hill tournament, Women's Debate affirmative team composed of Nancy Bartch and Andrina Winning won two out of four debates. Dorothy Cohen and Anne Hay, arguing for the negative side, won three out of four contests. The team took second place in the tournament.

Women delegates to the Pennsylvania State Debaters' Convention will be Marion Bryan, Jean Dalton, Ruth Eister, and Elsadie Escoffery.

ACTIVITY CARDS

All coeds who have not filled in their activity cards must do so within the coming week at the Dean of Women's office, according to Dr. Pearl O. Weston, assistant to the dean.

TRACKING DOWN TROUBLE

This laboratory, ready to move anywhere on short notice, runs down "crimes" against good telephone service. Finding these threats is one of the many jobs of the Bell Telephone Laboratories' scientists.

The "criminals" are such things as threads of lint, traces of acids, or sulphur compounds in the air—any of which might damage telephone equipment.

In their interesting war work Bell Laboratories' scientists have been on a new kind of hunt. They have tracked down different materials for those now hard to get, found others that would serve in special conditions, and have detected in captured equipment the kinds of material the enemy uses.

These are some examples among many of the ways Bell System research is helping to serve America at war.
