

All-College Cabinet Links Students, Administration

(Editor's Note: This is the first in a series of articles concerning the organization of prominent campus groups. It is published in conjunction with the new All-College Cabinet movement to foster more school spirit.)

Legislation of student affairs at the College is the job of All-College Cabinet, student governing group which serves as the connecting link between the student body and the administration.

Presidents of each semester, student tribunal chairman, and interclass finance chairman compose the governing body of Cabinet. Ex-officio members are the presidents of Interfraternity Council, Women's Student Government Association, Independent Students' Committee, and representatives from the Dean of Women's office, Dean of Men's office, the Alumni Association, and the Collegian.

Each active school council may also send one representative to Cabinet. These ex-officio members may join in the discussion of any proposed bill, but do not have a vote.

Cabinet is working in close cooperation with the V-12 and ASTP units stationed on campus. Recently members took direct action in an attempt to make the military men feel that they are part of the school, and as a result there is now a V-12 representative in the group as an ex-officio member.

ASTP's were also invited to send a representative, but as yet have not done so.

Cabinet meets every two weeks, and at that time all matters pertaining to the student body are brought to the floor. The main interest of the governing body at present is an attempt to revive school spirit. Members feel that it might come through having all representatives appear at the meetings, and an amendment to the constitution requiring compulsory attendance at all Cabinet meetings is now under consideration.

Bills brought up at meetings are referred to committees by the president. The committees later make a report on the bill, and if passed, it goes into immediate effect. A majority vote is required in order to pass a bill.

Cabinet works with the complete cooperation of the College administration. After the damage done to the Lion shrine last semester, Cabinet passed a bill to have it lighted up at night in an effort to keep other destroyers away. The bill was presented to College authorities and within a few days the shrine had lights around it.

Members of Cabinet this semester are Karl V. Erdman, chairman; Betty Robinson, secretary; Mary Faloon, seventh semester president; Stanley Bernheim, sixth semester president; William Morton, fifth semester president; Paul Thayer, fourth semester president; Harold Rahm, third semester president; Richard Blakely, second semester president; Guy Newton, Tribunal chairman.

IFC Awards Study Trophy

For the first time since the 1943 spring semester, Interfraternity Council will award a scholarship cup, it was announced today by James Hugo, president of the council.

Rules drawn up governing the awarding of the scholarship cup by a committee composed of Guy Newton, chairman, Richard Stauble, and Paul Krystow follow:

To be eligible the fraternity must be in good standing with Interfraternity Council. Seven members constitute a fraternity, V-12 members included, and averages from the Registrar's office are final. The cup is awarded on a semester basis and the cup won for three times entitles the fraternity to retain it.

Interfraternity Council has tentatively planned a pledge banquet for April 22. Members of the committee for the banquet are Richard Griffiths, Stanley Lurimore, Robert Schreiner, Thomas Smith, and Stanley Chadwin.
