 dents of the College.

Chairmen of the two groups must be seniors with at least one semester's experience. They also must have a "1" or better All-College average, as must all members of Judicial and Tribunal, according to the new plan.

### Senior Board Recommended

A Senior Board was also recommended by the committee. It would be composed of the senior members of Judicial and Tribunal. Chairman of the board is to be the All-College Cabinet chairman who will not have a vote or a voice in the discussion.

The purpose of this board would be to sit during a semester to coordinate point Tribunal and Judicial action whenever necessary. It would also meet two weeks before the end of each semester to form the policies and customs for the next semester. This is done to eliminate confusion at the beginning of the new semester.

The Constitution Revision committee also asked that votes be given only to the semester presidents and the Interclass Finance chairman, all of whom are elected by the entire student body. This recommendation would take away the voting power of WSGA and the Tribunal chairman and give them ex-officio positions.

Others who are to be given ex-

officio places on All-College Cabinet if the proposal is accepted are the dean of men, dean of women, Alumni Association secretary, Interfraternity Council president, Panhellenic Council president, Independent Student Committee president, Hat Society Council chairman, Judicial Committee chairman, representatives of all active school councils, a representative of the Board of Publications, a representative of the Dramatics and Forensics Board, and a representative of each specialized service group on the campus but not regularly enrolled undergraduates of the College.

### Definite Election Dates

The committee suggested that elections for all semesters except the first be held on the second Tuesday and Wednesday of each semester. First semester elections are scheduled for the sixth Wednesday of each semester so that the new freshmen can get to know their classmates, chairman Danioy explained.

The new officers must hold meetings for their respective classes within two weeks after election or appear before Tribunal or Judicial to explain why meetings were not held as specified, the committee said. Several other provisions were

 also competing for these posts. At the goalie position will be Jack Nehoda. His competitor, Seaman George Meeker, still limping from a sprained ankle, should see action in a few days.

## 3 Parties Seek Frosh Vote

(Continued from page one)  
 have the cooperation and support of you and the student voters.

### Nittany Party Platform

We the freshmen of the Nittany Party submit this platform as our views on College affairs. We believe firmly that the following opinions and ideas will be profitable to the College as a whole and primarily the freshman class.

1. We intend to vote justly and earnestly on all prominent views expressed at Cabinet meeting.

2. We want to expand the movement on College spirit and give the school the backing of the first semester freshman class.

3. We intend to comply with and help promote such activities as radio programs on campus, big name bands, professional shows and artists.

4. We intend to promote greater activity which will benefit the freshman class.

5. We intend to put the College as a whole foremost in our minds, and not be bribed by selfish individualistic ideas when our opinion is asked for.

6. We intend to back the idea of assimilating the ex-GI group on campus with the rest of the students so that they will not have to be separate and distinct and not left in the dark about campus matters.

7. Finally we intend to reach a medium between school, social and scholastic activities.

### Radical Party Platform

The Radical Party has been organized to meet a demand and a challenge. We've all heard students mourning for the good old days of school spirit. More than one student has at some time fervently hoped for a political party on campus that would really get things done. At last the challenge has been accepted; the Radical Party has been launched.

The party platform is designed

to revive the school spirit and recognition that the name of Penn State signified in pre-war days. We do not want to rest on the laurels of those who have gone before us; our aim is to add a bigger and better chapter to Penn State's fame.

The Radical Party, like our other political parties, desires to bolster and promote Penn State spirit. However, we believe that the way to create school spirit is by publicizing State, by making State so well known that people will look at us with envy and admiration when they learn we are from State.

In order to publicize State we hope to produce a motion picture (preferably in technicolor) showing what Penn State has to offer: Its variety of schools, sports, campus, recreational facilities, coeds, fraternities and sororities, student activities, etc. This picture could be shown to high school students in as many cities and towns as possible and it would make high school students "State-conscious."

Since State has one of the most beautiful campuses in the country we believe more people should know about it. We want to bring LIFE here to do an article, "Life on the Penn State Campus."

We are not making the foolish promise that we will bring a "name band" to State as we have already checked into the matter and found the expense curtailed would be too great. However, we are going to try our best to bring some big radio program to State, preferably programs with name bands.

We intend to bring "Fun-Night" back to State and improve and increase coed social activities.

We are going to try to make arrangements wherein first-run movies will be shown in Schwab Auditorium on Sundays.

We want to make State not just "a" school, but "THE" school.

If, as fellow students, you believe in our policies, we ask you to get with us and give us your support. Help put our freshman candidates in office: Wally Davis, president, and Jim Holtzinger, treasurer.
