Following Victor Danilov's message from President R. D. Hetzel stating that Cabinet had no jurisdiction of WSGA, a nominating committee was established for the selection of Judicial and Tribunal mem/bers.

Danilov, who is chairman of the Constitution Révision Committee, pointed out that any cooperation between Cabinet and WSGA will have to be voluntary and not compulsory under present conditions. The nominating committee will set up standards which all nominees to the judicial bodies must meet before being recommended to All-College Cabinet for final approval.

The committee will consist of the presiding Judicial and Tribunal chairmen, a representative from the Senate, and a member-atlarge from Cabinet. The All-College president will serve as chairman of the committee. The deans of men and women will be exofficio members.

Numerous minor changes were also made in the constitution. Discussion on the revisions began three weeks ago. However, because of various reasons the first reading was not officially made until this week.
