Champion Boxer's Niece Wins 14 Swimming Medals

It's customary for Zivics to kayo opponents in the ring, but when one emerges victor in the water, it's news.

Jacqueline Zivic, niece of the boxer, Fritzie Zivic, and first semester freshman at the College, holds 14 medals in swimming. Having started in competition at the age of 12, 17-year-old Jacque won her first title three years ago in Pittsburgh, her home town.

She now holds three titles won in Allegheny Mountain Association meets—200-meter junior free-style record, 100-meter junior back stroke title and 100-meter senior free style record.

"I guess competition runs in my family," Jacque admitted. "Dad was a boxer until I was about two years old, then he retired. Soon after, he gave Uncle Fritzie blood when he was ill and then my uncle won the championship."

The versatile Freshman who was the first girl lifeguard chosen in the Pittsburgh area last summer is also a flyer. As one of the youngest aviatrixes at the Butler airport, Jacque made her first solo flight October, 1944.

"Why do you go in for swimming so heartily when you intend to major in psychology?" Jacque was asked.

She considered a while. "Well I like to see any sport done gracefully and swimming happens

to be my favorite," State's newest athlete replied. "Then, too, anything that leads to traveling is interesting."

Jacque, no doubt, was referring to her performance in Buffalo as an aquabelle with Buster Crabbe in the "Water Follies of 1944."

When asked if she attracted any notice with her name card proclaiming "Zivic," Jackie threw up her hands, groaning:

"People shot questions at me all the time—particularly the fellows who knew the name. The worst part was, I wasn't allowed to speak to them, and now I get tired telling everyone I AM Fritzie's niece."

"Watch and see," Jackie warned, with an impish smile. "some day everyone is going to ask my uncle Fritzi if he's any relation to Jacqueline Zivic!"
