Fall Graduates Will Not Get Diplomas

For the first time in the history of the College, graduates this Fall will come away from commencement exercises without their treasured and traditional diploma.

But nobody's upset about it, says Registrar William S. Hoffman, because of the circumstances. Ships returning from England, source of the sheepskin, are so loaded with veterans and their equipment that the diploma material had to be "bumped."

Even during the heaviest fighting, sheepskin was delivered regularly in returning lend-lease vessels, Mr. Hoffman said, and enabled the College to keep intact its record for delivering the sheepskin at commencement time.

Nearly 32,000 have been awarded. (Continued on page five)

This week's floor show performers have not been disclosed by the Dry Dock committee, but one of the highlights will be a community singing led by a member of the faculty.
