### Colonel Smith To Open College Lecture Series

Colonel Smith will include the students' request in his discussion. Colonel Smith has had experience as a part of the "Chicago Experiment," and also as an associate of Howard Mumford Jones, proponent of the Harvard Plan of education. He gave the inaugural address for President Gideon of Brooklyn College and collaborated with him on a book about liberal Education at Chicago.

Other forum presentations will include the following: Vincent Sheehan, December 10; A debate on industrial relations by Clinton Golden of the United Steelworkers of America and W. L. Bott, president of the SICF Industries, January 22; Maurice Hindus, February 7; Nora Wain, March 18; Dr. Charles P. Johnson, April 11; and Frank Lloyd Wright, May 16.

## Freshmen! Get Dates! Tribunal Says 'O.K.' For X-G-I Dance

Pat Brennan, chairman of Tribunal, announced this week that all freshmen have permission to date for Saturday night's X-G-I "Get-Acquainted Dance" in Recreation Hall. However, Brennan stressed that they must come to the affair wearing all customs.

The Tribunal chairman said, "All frosh who have received cards by mail to report to Tribunal are ordered to be in the Alumni Office, Old Main, at 7 p. m. Wednesday." Punishment for violations of customs will be meted out at that time.

## Ballet Leads Music Series

Highlighted by the Ballet Russe de Monte Carlo, four outstanding programs will be presented by the Artists' Course this season. Dr. Carl E. Marquardt, committee chairman, announced.

First in the series will be a concert by the Busch Little Symphony November 26. The Little Symphony was organized by Alfred Busch in 1935 for the presentation of the Bach Brandenburg Concerti at the annual Florence May Festival in Italy.

The second artist to appear in the series will be Witold Malcuzynski, a young Polish pianist who was a protege of Paderewski. He made his American debut at Carnegie Hall in New York and this year is booked for appearances with nearly every major symphony orchestra in the United States. He will appear December 17.

Richard Bonelli, Metropolitan Opera Company baritone, will be the guest artist at the third concert on January 10. After making his debut in Europe, Bonelli appeared with the Metropolitan Opera Company in "La Traviata" in 1932.

The Ballet Russe de Monte Carlo which has always led local polls on entertainment choice, but has been either unavailable or out of price range, will be presented April 5.

Priority numbers for Artists' Course tickets, which will be \$4.75 and \$5.75 plus tax, will be given out to students November 14 and to faculty and townspeople on November 15.

## College Continues Army, Navy Experimental Aid

Although the war is over, the engineering department continues its experimental work for the Army and Navy.

The Army Ordnance Department shipped up two 40 mm. anti-aircraft guns, which have been placed in aluminum casings. The confronting problem is how to protect the Army's mobile armament in long term storage against deterioration of age.

The problem facing the Navy is quite similar. Experiments are being carried on to find a method of preserving inactive vessels by rehumidification procedure, which is keeping the moisture content so low that corrosion won't take place.

## State Grants College Funds

The college will receive an allocation of \$1,296,000 from the State to help relieve its overtaxed facilities, Governor Martin announced recently.

President Hetzel has stated that the sum will be used for construction of a general classroom building and for the addition of a wing to Recreation Hall. The balance of the postwar construction program, submitted by the College trustees awaits the further action of the Governor.

In describing the need for the construction projects selected by the governor, President Hetzel said:

"The classroom building will be used to relieve congestion in those areas which are certain to be overtaxed by the increased enrollment which the college faces within the next year.

"The wing of the physical education building will partially relieve the serious over crowding which has existed for some years in the present building and which will be aggravated by the increased number of male students, particularly men returning from military service."

President Hetzel said that the wing will be substantially of the same design as originally planned when the main unit of Recreation Hall was constructed in 1929.

## X-G-I's Hold Open Dance

X-G-I Club invites the entire student body, NROTCs, and the ASTPs to start this semester's social life by coming to its "Get Acquainted Dance" at Recreation Hall from 9 to 12 p. m. Saturday.

Highlighting the informal dance will be the music of Dick Berge and his orchestra, featuring Bill Landy on the vocals. Sweet, swing, and specialty numbers will be played to suit the tastes of the dancers. The maestro himself will show what can be done when ten fingers start to work on a clarinet.

Dating customs will be off for freshmen and they will be able to attend the dance, announced Tribunal Chairman Patrick Brennan. Following suit, Joan Shearer, Judicial chairman, removed freshmen women's customs and granted them 12:15 a. m. permissions for the dance.

For the additional entertainment of the onlookers, Harry Whitmore, dance chairman, is arranging to have special entertainment during the intermission. Details of the intermission events will be announced Friday.

Assisting Whitmore are Stanley Cohen, advertising committee; Larry Fuller, checkroom committee; William Duetsch, program committee, and Mervin Wilf, publicity committee.
