Leetch Offers Placement Aid

George N. P. Leetch, director of the College Placement Service, urges all students, particularly seniors and those new on campus, to acquaint themselves with the services of his office.

The Placement Service is maintained in order to help students in presenting themselves for and securing jobs. It does not, Leetch stressed, place students in posi-

tions, but helps them find them for themselves.

Maintaining contacts with about 800 employers, the Placement Service frequently arranges interviews here on campus between employers and senior students. Leetch urges all seventh and eighth semester students to visit the Placement Service in 204 Old Main immediately.
