

Portrait of an AMERICAN As Seen by the World's Starving

Will YOU Help To CHANGE THE PICTURE ?

GLUM picture, isn't it? Well, that's how we look to the starving of the world. A starving child doesn't ask questions! His parents don't stop to reason! All they know is that there is a country—a land of plenty—whence they could get help, if the PEOPLE were willing. Are YOU willing? Will you give fifty cents, a dollar, two dollars so that some human being may live? It is worthwhile to you that the American blood spilled on Omaha, Utah and Easy Red beaches in Normandy two years ago, come Thursday, be not spilled in vain. That we carry the job through... to a better world, a world free of want, a world where sincere men can earn food for their families. Think it over... and

GIVE ! So That 500,000,000 Starving Throughout The World May Live !

How can you give? It's easy. Beginning tomorrow, the State College Emergency Famine Relief Committee will start collecting funds for food to be distributed to the famine stricken throughout the world. There will be booths on the campus, downtown, in the important buildings. Solicitors will call at your fraternity, sorority or dormitory. All you need do, is dig down, and SHELL OUT! It might mean that you

give up a movie this week; or that your date for IF Ball go without a corsage but would you enjoy Benny Goodman if you knew that you hadn't done your bit to help a starving child in Poland; would the corsage look well if you'd purchased it at the expense of a life in Czechoslovakia?

CAMPAIGN BEGINS TOMORROW WEDNESDAY, JUNE 5th

THESE ARE THE AGENCIES WHICH WILL DISPENSE THE HELP THAT YOU GIVE!

1. U.N.R.R.A.

UNRRA's emergency program offers a simple, direct and personal means of giving quick help to the hungry and starving of the world. The pooling of monies in this program will make possible the widest and fairest distribution of personally donated food among the people who need it most.

2. C.A.R.E.

Cooperative for American Remittances to Europe is a non-profit organization organized by 25 relief agencies to send food packages to Hungry Europe. Food packages contain enough for 30 meals, are the 10-in-1 ration familiar to American soldiers. Cost of the package—\$15. An ideal way for a small dorm or group to contribute.

3. Foster Parent's Plan

Under the Foster Parent Plan, the donor agrees to contribute \$15 per month for one year to feed a child in either France, Belgium, Italy, Malta, Holland, England, Poland or Czechoslovakia. No gift is too small. Here's a plan that should appeal to fraternities and sororities on the campus. Year's cost—\$180.

4. United China Relief

Money earmarked for United China Relief will be transmitted to China for the purchase of food in bulk at sources nearer China, minimizing the loss of time and enabling the dollars that you give to go to work NOW when the need is most urgent. A great way to help the 30,000,000 Chinese suffering from famine.

5. Heifers For Relief

The American Friends plan in which monies donated for this purpose are used to buy heifers with calf. Heifers are transported to Europe where they are used to re-stock the almost non-existent supply. Heifers are given to needy, on the agreement that the calf will be given to another family.

WHAT IS THE . . . STATE COLLEGE EMERGENCY FAMINE RELIEF COMMITTEE

It is a non-profit, voluntary organization of students and townspeople organized within the past ten days, to get immediate action on one of the world's crying needs—the Feeding of the Hungry. In its organization are Protestant, Jew and Catholic. Chairman of the committee is College Bursar Russell E. Clark, with cashiers of the two local banks, John Truby and Gene Lee, serving as treasurers.

IF YOU SO DESIRE YOU MAY EARMARK YOUR CONTRIBUTION TO ANY OF THE ABOVE AGENCIES!
