

4520 To Return In Fall Semester

A total of 4520 students have announced they will return for the Fall semester in September, Registrar William S. Hoffman said today.

Included in the number are 163 men who were enrolled as Navy ROTV trainees on an active duty basis, and who will return as civilians in the Fall. Of the 190 trainees here this semester, 10 received degrees Thursday.

Six additional trainees were among the ten men to receive reserve commissions so that all but 11 of the men who will be discharged this month, and did not receive their degrees, plan to register in September.

Of the 4119 undergraduates returning, 2496 are men and 1623 are women students. Two hundred and four students returning are registered in the Graduate School; 34 as full-time special students; and 20 in the transition section.

The break-down by schools follows: Agriculture, 527; Chemistry and Physics, 392; Education, 593; Engineering, 740; the Liberal Arts, 1517; Mineral Industries, 158; and Physical Education and Athletics, 182.

3 Visiting Professors Teach Lit Courses

Three noted visiting professors will teach English literature courses at the College this summer, it was announced today.

Dr. James Ernst, of Wilson College, Chicago, will teach during the first six weeks of the Main Session. Dr. William C. Frierson, of the University of Alabama will instruct during the Post-Sessions and Twelve-Weeks Session. Dr. Harold Wentworth, of Temple University, is presently teaching classes at the Inter-Session at Grier School.

McDowell TO Address Faculty Lunch Club

M. S. McDowell, director emeritus of agricultural extension at the College, will address the Faculty Lunch Club Monday.

In keeping with the 50th anniversary celebration of the borough of State College, McDowell will speak on "The Town As I Have Known It."

McDowell, who retired in 1942, was born in Milroy and received his bachelor of science degrees at the College in 1892. He joined the staff of the Agricultural Experiment Station in 1894 and except for two years he spent in Ridgway, had been associated with the College until his retirement.

Because of the Summer Sessions registration Monday, the meeting will be held at 12 o'clock instead of 11:50 o'clock. Time for meetings to be held during the Summer Sessions will be decided at the session Monday.
