

## A Common Expression in Town and on Campus

# "YOU CAN GET IT AT METZGERS"

We had hoped that we might be in our New Building at 111-115 Allen Street by the opening of this Semester. However, due to Scarcity of Building Materials, it will be several months, at least, until our new store room will be finished. Then several months later some of our apartments should be ready.

We will try to give you the best possible service in our present room at 112 E. College Ave., although we are handicapped by lack of proper display space.
