Trailer Borough Council Announces New Zones

Rezoning of Windcrest into seven zones to include all of the community's 312 trailers was the main item of business at the meeting of the Windcrest borough council on Tuesday night.

The rezoning was made necessary by the greatly increased number of trailers, as the former zones were set up when Windcrest was comprised of only 100 trailers.

A mass meeting will be held tonight at the Windcrest community hall to inform the new residents of rules and regulations in effect in Windcrest.

Nominations for officers to serve in Windcrest this semester will be made tomorrow, to be followed by elections Tuesday. Pollock Circle will have its own government, but will cooperate with the Windcrest council on issues of interest to both.
