Cabinet Hears Report

(Continued from page one)

zel had brought the matter up at the June meeting of the College's board of trustees, but that no further action had been taken by the board on it. Miss Hatchford was asked to request President Hetzel to reopen the matter at the December meeting of trustees.

Plans and specifications, together with a proposed location, for a permanent outdoor bulletin board have been completed by the Grounds and Buildings Department. Russell Smiley said that they have been sent to the office of Samuel K. Hostetter, assistant to the College president in charge of finance. Smiley said that he would have more complete information for Cabinet at its next meeting.

Edward Koval, representing Pollock Circle, read a petition requesting that a Cabinet representative be delegated to sit in on meetings of the Pollock Circle Council, so that Cabinet may decide whether Pollock Circle is entitled to cabinet membership. Foote said that someone will be appointed by cabinet to attend the meetings.

Class presidents James Sheehan, Eugene Fulmer, and Richard Sarge reported on attendance at the first class meetings of the semester.

Mary Lou Waygood proposed, on behalf of Senate, that a suggestion box be placed at the Student Union desk in Old Main so that students could inform student governing bodies of their suggestions for improvements, criticisms, etc. A committee from Cabinet, she explained, could go through the box, sorting the suggestions and forwarding them to the proper group, whether All-College Cabinet or WSGA.

The proposal was tabled, but Foote appointed a committee consisting of himself, Miss Waygood, and the class presidents to consider the matter.

Foote pointed out to Cabinet that 201 Old Main will be the body's permanent meeting place in the future. Cabinet agreed unanimously to continue meeting at 8 o'clock Thursday nights.

Following adjournment, the meeting was thrown open to visiting Bucknell University stu-

dents who asked questions about Cabinet's powers and methods of conducting business. The five Bucknell students represented their school's WSGA, Senate, and Student-Faculty Congress. They were accompanied by Bucknell's Dean of Men, Malcolm Musser.

College Plans Reading Series
