

Panhel Releases Rushing Code

Virginia McCluskey was named acting president of the Panhellenic Council Tuesday evening. At this meeting a comprehensive rushing code for the fall semester was released and work begun on the spring code.

For the spring semester it was decided that there shall be free association during the entire period with open bidding beginning at the end of the fourth week of the semester. Open houses will be scheduled by a Panhellenic committee for sometime during the second week. Girls who have been on campus for this fall semester and who have the required one average may be rushed after the first week.

Sigma Delta Tau announced the repledging of Shirley Rubin. The fall rushing code as approved by Panhellenic Council is as follows:

1. There will be a program of open bidding for the fall semester. Bids may come into the Dean of Women's Office at the end of the ninth week. Due to the vacation schedule they may come in beginning November 21.
2. There will be no registration for open bidding this semester.
3. Girls who were on campus up to and including the spring semester of 1946 and who have an all-college average of 1.00 are eligible for open-bidding.
4. There will be complete free association for the entire semester with the exception of overnights.
5. Open bidding will continue through the fall semester and the first week of the spring semester.
6. Rushing parties shall be informal with no written invitations extended and no formal entertainment planned.
7. Free association also includes those girls who do not have the required average, but who may obtain it at the end of the semester. They may receive bids when they obtain their average.
8. Girls whose pledgeships have expired but have since met

Catched and Hatched

Babies are in style these days. James K. Cassidy, Phi Kappa Tau, is the proud father of a baby girl born in Pittsburgh.

Mr. and Mrs. James Gorman, of Windcrest, have added a "junior" to their family. The new arrival, James Gorman Jr., weighed 8 pounds, 13½ ounces when he was born at the Centre County Hospital, Bellefonte. Mr. and Mrs. Reid McCloskey, another Windcrest couple, announce a son born Monday at the Bellefonte hospital.

Cecile (Henschel) Pichel, Sigma Delta Tau, and husband, Julian, a former ASTP at the College are the parents of twin girls. The couple is living in California. Former Delta Gamma president, Aileen Babbit Swanson, and husband Don, also announced the birth of a baby several weeks ago.

Engagements

A recently announced engagement is that of Esther Thompson and Douglas McGeehan. Betsy Marshall, Kappa Delta, received a diamond ring from Art Clarke of Pittsburgh several weeks ago. Another Kappa Delta, Jean Kincaid, is engaged to Cliff Hepper. The engagement of Raisa Poser, Sigma Delta Tau alum to Ellis Robison of New York City has been announced.

Delta Gamma alum Pat McNally received a diamond from her fiancé, Bob Willoughby. Also engaged are Mary Lou Markley and Art Hendricks.

Esther Greenes, alum of Alpha Epsilon Phi, will marry Stan Elsmann, Beta Sigma Rho, at Christmastime. Three of Stan's brothers have been married: Bob Casnoff to Alpha Epsilon Phi alum, Harriet Wulf; Perry Field to Luce Aaronson; and Walter Rosenblatt to a home town girl.

pledged at any time during the semester by the respective sororities if their nationals permit.

Tentative rules for spring rushing are as follows:

Observations Of Pied Typer

Just as sure as we say we can tell a new "frosch" a block away, so the coeds say they can spot an import at first glance. Dead giveaways supposed to shout "import" are:

1. Stockings and heels before evening.
2. A fur coat!
3. Carrying a pocketbook.
4. Wearing a hat to the football game.

And if the import does dress like a coed, the college women say they can spot her at first glance anyway—by instinct. Comments (anonymous of course) came from two Atherton women: "An import is a working gal! She works at home in the week and comes up here and works on our men week-ends!" said one.

"Deliver us from imports!" said the other.

(Said the editor, "Meeow?")

UNMENTIONABLES

Students, crowding around a professor's desk handing in their bluebooks as the period ended, made way for one of their number who'd been one of the first to finish the test and had just dashed back into the room. He found his bluebook in the confusion, removed something from the back of it, and then dashed back out of the room.

"Whew," he said, "I'd left my crib notes in my bluebook!"

KITCHEN KAPERS

A Waiters' Ball (dishwashers invited too) which men working in the Atherton dining commons are giving in the Atherton kitchen tomorrow night, is the cleverest social event scheduled for the weekend. Dancing music for the waiters and their dates will be furnished by a juke box.

TEMPERATURE CHANGES
Temperatures in every women's dormitory rose over the weekend, with every dorm packed with imports. But ice practically dangled from the ceiling when those visitors paraded through the dorm halls to the full-length mirrors for last minute inspections before the big dance.

CIRCULATING
Tau Kappa Epsilon will be host to the Delta Gammas Sunday afternoon. Kappa Alpha Theta will entertain at their annual faculty tea the same day. Also on Sunday, Kappa alums will meet latest initiates of the chapter at an alumnae tea. Alpha Xi's had the AChO's to their suite for an informal party Wednesday afternoon.

Sorority pledges are playing hostess this week. ZTA actives will wear baby bonnets to the pledges' Baby Party tomorrow afternoon, and AOP1 pledges are entertaining the actives at a Pajama Party Monday night.

Women In Sports

The WRA bowling league opened this week. In the preliminary matches, Lampades won over Phi Sigma Sigma; Gamma Phi Beta defeated Kappa Delta; the Tri-Delts lost to Aldeberan, and ZTA defeated the Kappas.

All women who intend to play intramural basketball will have to secure a medical permit from the dispensary before their first game, said Claire Parks, intramurals chairman. Basketball intramurals begin Tuesday.

nished by a juke box.

Judicial

Four coeds will be sitting in this weekend and nine will be minus dates this Saturday night. Judicial reported these restrictions at a recent meeting.

In 1945-46 there were 2300 students who contributed to the PSCA Finance campaign and 915 members of the faculty and administration.
