## Why Not Order Two?

The opinion of an anonymous engineer on the typical American coed is clearly expressed in his statement, "If you have a glass of beer, you won't have it when you turn your back while with an American coed."

## Minesweeper Fails; Lotstein Shovels

If Herman Lotstein wants to find the wristwatch that took French leave from his arm Tuesday night, he'll have to use a shovel after all.

The mine sweeping expedition, consisting of Sheldon Mermelstein and Julian Eliasoph, met an insurmountable obstacle yesterday. They found that there were no batteries for the sweeper.

### First Time Acting

This is the first time that she has done any acting and was recommended by Mrs. H. E. Norris of the Garden of Children Nursery School which she attended for two years. She is now in the first grade at the Frazier street school.

Mr. Cloetingh said Florence appealed to him "because she has two or three teeth missing."

Elizabeth is the daughter of Mr. and Mrs. John H. Henszey and takes the part of Emmy Heller. She is seven and is in the second grade at the Frazier street school.

### Visits Home

Mr. Cloetingh saw Betty one evening when visiting the Henszeys and considered her a good possibility for "A Doll's House."

Even though Betty is older than the other two children she joins in on their fun and also adds her mischievous ways to the scenes.

"One thing is certain," Mr. Cloetingh said, "The children scenes will be different on all three nights!"

## Do you believe in THRIFT?

"I'm a regular Scotsman for thrift. I never throw away anything that I can use again.

"Every year I salvage millions and millions of pounds of metal from what you might call junk.

"I collect all the old telephone equipment, wire and cable no longer useful to the Bell System... and all the machine scrap, turnings and rejected parts from the factories where I make Bell Telephone equipment.

"I turn this scrap metal into bars and billets of refined metals and alloys out of which I make new telephone equipment.

"I salvage rubber, textiles and paper, too... and anything I can't use again, I sell. Nothing is wasted.

"My thriftiness, as supply unit of the Bell System, is one reason why you get telephone service... the world's best... at the lowest possible cost.

"Remember my name: It's Western Electric."
