

Regular Army Rank Now Available To Former Officer Graduates

Male veterans, who were formerly commissioned officers and who will be graduated from the College before July 15, may now apply for a commission in the Regular Army, Col. Ben-Hur Chastaine, professor of military science and tactics, said recently. Qualifications, as announced by the War Department, are: Veterans who were formerly commissioned officers and who apply for appointments in the Air Corps, Judge Advocate General's

Department, Medical Corps, Dental Corps, Veterinary Corps, and Chaplain's Corps, and who will receive a college degree or complete graduate work before July 15, 1947.

Veterans who were formerly commissioned officers and who apply for appointment in the following arms and services: Coast Artillery Corps, Cavalry, Field Artillery, Infantry, Corps of Engineers, Finance Department, Ordnance Department, Quartermaster Corps, Transportation Corps, Signal Corps, Chemical Corps and Corps of Military Police, who will receive a college degree before July 15, 1947 and will be less than 28 as of that date; were commissioned in the Army of the United States or any of its components subsequent to July 15, 1944.

Letters of request for application forms, sent to The Adjutant General, Washington, D. C., should list the college or university attended, scheduled date of graduation, degree to be conferred, date of birth, date entered on active commissioned service, choice of arm or service, names of all previous immediate commanding or supervisory officers, and address where applicant may be reached during the 45 days following graduation.

It is anticipated that appointments made under this program will be announced during September, 1947.

Wolff -

(Continued from page one)

a freely elected Republican government in Spain.

"In fact, in the 1936 elections, the Republican Party gained an overwhelming victory over all other groups, while the Communists were able to elect only five representatives to the 435 member Cortes, and received only one cabinet portfolio," he added.

"American foreign policy at the present time," continued Wolff, "is characterized by a number of noteworthy inconsistencies."

"I cannot square the picture of the State Department's policy toward Greece and Turkey with its policy regarding the Spanish question," he said.

Denounces Greek Regime

Despite President Truman's reference to the Greek government as essentially democratic, Wolff declared that the present administration in Greece is in the hands of an incompetent king and a group of officials who are holdovers from the old Metaxes dictatorship.

"Inconsistencies in our foreign policy," he said, "therefore arise from the Truman administration's:

1. Open castigation of Fascist Spain and equally open support of dictatorial Greece.
2. Great concern over 13,000 guerrillas in Greece and total disregard of 200,000 Spanish insurgents and exiles.
3. Brash intervention in the domestic affairs of Greece and Turkey, and hostility toward the same policy when practiced by Russia.

Anti-Communist Fakers

"One of the greatest problems facing Americans now, however," declared Wolff, "is the domestic hysteria that has been engendered by rabid anti-Communist groups."

"I believe that all this anti-Soviet, anti-Communist business is a fake, a smoke-screen for something else—the germ of Fascism. Above all we must not allow ourselves to be duped by wild-eyed anti-Communist groups into changing the Constitution so as to outlaw the Communist Party.

Warns of Fascism

"To do this would be to enable the political party in power to prosecute as criminals any political opponent by merely labeling him a Communist," said Wolff. "Let us be aware of the classic pattern of Fascism as so well exemplified in the dictatorships of Italy and Germany. Mussolini and Hitler rose to power on the same anti-Communist platform that is being broadcast in the United States today."

Leo Troy, president of the Common Sense Club, introduced Mr. Wolff, and announced the next lecture of the Club for April 16, when Penn State delegates to the Chicago Students' Conference will report on the accomplishments and plans of the organization.

Richard Frontman opened the anti-Franco program with a commentary on a series of slides of cartoons taken from Luis Quintanilla's book, "Franco's Black Spain."

AVC Urges Vets To Sign Petitions

All veterans should sign their names without delay to the two petitions now at the Student Union desk, Royce Nix, AVC welfare chairman, said yesterday.

One petition supports Rep. Edith Rogers in her fight for HR 870, the House bill to increase veterans' subsistence. The other goes to Senator Martin, backing the three-fold Senate bill to increase veterans' subsistence, increase veterans on-the-job training, and to reduce the period of maturity for the terminal leave bond.

Both bills are in committee now, Nix said, and it is of the utmost importance that these petitions be signed as quickly as possible so that they may aid in getting the bills out on the floor of the House.

Skytop will again be opened to all veterans and their guests this weekend, Melvin Katinsky, publicity chairman said yesterday. Buses will leave from Co-op corner at 7:45 and 8:45 p.m. They will return from Skytop at 11:30, midnight, and later.

Summer Positions Available Employment Service Says

Students interested in obtaining summer employment may find a variety of positions available at the College Placement Service, 204 Old Main, according to Lois I. Kreamer, secretary, who handles the applications.

The Service maintains files of letters from agencies seeking students for summer employment. Students may look through the file with letters pertaining to the fields in which they are interested. They write the letters of application and make their own arrangements with the employer. In order to aid students, the letters have been filed according to similarity of positions.

Applications are available for many of the positions and further information may be obtained from Placement Service.

Numerous positions are available in industry, teaching, business administration, aeronautics, medicine and physical education.

Due to the influx of college students this year, Miss Kreamer said it was advisable to get applications in the mail as soon after the holidays as possible.

Graduating seniors will find the dates of interviews for permanent positions listed daily in the Collegian Gazette.

Engineer on Sale At Student Union

The Penn State Engineer will continue on sale today and Saturday at Student Union and at the Corner room, according to John H. Householder, circulation manager.

The center spread features a map of State College. The issue includes feature articles of interest to Engineering students.

Householder stated that the current subscription campaign will continue until the April issue becomes available. Current subscription rates are only \$1 for eight issues by mail or 75 cents if the student desires to get his copy by subscription coupon at the Student Union desk each month.

Anyone not contacted by the staff is asked to address a postcard to the Penn State Engineer, 416 Old Main, indicating a desire to subscribe.

Marianna E. Keys, assistant professor of home economics, is in New York at a meeting of the Play School Association.

Beaux Art Ball—

(Continued from page one)

"This dance was really the best party on the campus, and I think it's a fine idea to revive it. They were to me the most memorable dances of the year."

He recalled a dance that was built around an Egyptian theme, and part of the decoration was King Tut's coffin with his mummy in it.

Prizes were given for the funniest couple, the best dressed, most original, and best homemade costume, said Professor Campbell. One year Mickey Mouse and Pluto won the prize, and another time a Humpty Dumpty made from chicken wire covered with a white cloth was chosen the best. Campbell especially remembers one dance when a group of architects came dressed as Zulus, a tribe of fancy costume African savages.

Lenker said that prizes are to be awarded this year, and he reminded all students to look for good costumes over the Easter vacation.

VA Approves Lingnan For Study in China

Twelve Christian colleges in China have recently been approved by the Veterans Administration for ex-servicemen who wish to study under the G. I. Bill of Rights. Among the colleges is Lingnan University, in Canton, which Penn State-in-China helps support.

The curricula of the colleges, which are now instructing 15 per cent of all Chinese students, include broad general education in arts and sciences as well as professional training in medicine, dentistry, agriculture, engineering, business administration, law and public affairs.
