and plays that have been part of the Far Eastern culture for 2000 years. The group made its initial appearance in this country several years ago when it appeared on a goodwill tour under the sponsorship of Mme. Chiang Kai-Shek.

# Beyond the Veil of Old Mt. Nittany

By Allan Ostler

Louisiana State University has accepted bids on the construction of a flight training field which will have three runways, a control tower, a storage hangar and a students' ready building all by next semester. The college has arranged to stock the field with surplus army planes.

Until the campus politicians do more than just talk about student flying, Penn State enthusiasts who can afford it will continue going to the Belle-

fonte airdrome to rent planes in order to "buzz" Old Main.

The Washington State Evergreen says that in 1661 some of the duties of a school teacher were to act as court messengers, serve summons, conduct ceremonial services of the church, lead the Sunday choir, ring the bell for public worship, and dig graves.

After 286 years, teachers have finally decided to improve their lot. The problem now is, if Penn State's profs go on strike, who will dig the graves?

Temple University is reverting back to the pre-war custom of having a Junior Prom only for class members. Juniors and their dates are admitted on dues cards.

Don't they realize no money can be made if all the expenses come from the class dues? Or maybe the class would rather be considered snobbish and have plenty of room to dance—even to the music of a band costing less than \$4000.

Gonzaga University's singing alumnus, Bing Crosby, has just contributed \$50,000 to an engineering building fund. Earlier he donated \$25,000 toward the proposed structure.

At Oregon State, the Student Union campaigners said, "Contributions here are accepted regardless of a donor's vocal ability."

At Penn State, the Student Union campaigners (if such there be) say:

## Letters

### A Deserving Man

TO THE EDITOR: In regard to Mr. Parnall's letter of March 28—I feel as he does, that Sheehe deserves a varsity letter as well as some of the others on the boxing team. However, the fact that he deserves one more than Greene is debatable.

Mr. Greene, if Mr. Parnall remembers, received an eye blow in his second and last match. This blow resulted in a floating bone in Mr. Greene's eye, thus making it impossible for him to box the rest of the season, although he wanted to very much. Therefore, it was impossible for Greene to compete in the Intercollegiate Boxing matches.

I realize that Sheehe fought in the matches with a broken foot, but the difference between a broken foot and a bad eye (another blow could cause very serious complications) is a great deal.

I do not know just how varsity letters are awarded but I feel that the deciding men took this fact into consideration. Perhaps they will reconsider and give Sheehe a varsity letter. In giving credit where credit is due, let's not discredit deserving men.

Sincerely yours,  
—A boxing fan.

### 1944 Intercollegiates

TO THE EDITOR: Article XIV of the constitution and by-laws of the Athletic Association of the Pennsylvania State College, section 17 reads:

The six-inch block letter "S" shall be awarded to any member of the varsity boxing squad who has participated in at least one half of the regularly scheduled meets, or to any member of the varsity boxing squad who has participated in the regularly scheduled intercollegiate boxing tournament.

The Athletic Association should check up on itself occasionally, as Greene participated in and won third place in the heavyweight class during the 1944 intercollegiate tournament, but did not receive an award as stated in section No. 17 above.

Please print this in tomorrow's Collegian. Greene should have something favorable printed since he received all this unfavorable publicity.

—Name withheld.

## Collegian Gazette

All calendar items must be in the Daily Collegian office by 4:30 p.m. on the day preceding publication.
