## VA Offers Converted Life Insurance to X-G's

Veterans may now obtain any permanent (converted) National Service Life Insurance plan without previously holding a term insurance, John D. Guest, Veterans Administration officer for the Wilkes Barre VA region said yesterday.

The Veterans Administration also announced that veterans in school and in on-the-job training programs under the G. I. Bill may receive drill pay as members of the National Guard without including it in their reports of estimated earnings.

## Parties Issue Platforms

The following are the planks of the platforms released by the campus political parties:

**Nittany-Independent**  
1. STUDENT UNION—To support to the fullest extent all legislation of the All-College Cabinet to further the cause of a STUDENT UNION BUILDING.

To relegate all surplus funds accumulated in the Interclass Budget System to a fund for the STUDENT UNION BUILDING.

2. STUDENT BOOK EXCHANGE—To establish a permanent and easily accessible location for the STUDENT BOOK EXCHANGE.

3. STUDENT FACULTY RELATIONS—To continue our progress for a functioning STUDENT-FACULTY relationship, as started by the existing All-College Cabinet.

To form a STUDENT FACULTY COUNCIL to expedite the solution of the various problems that could confront such a group.

To secure student representation on a committee charged with the duties of student expulsion for disciplinary reasons, or the like.

4. BLUE BAND AND FORENSICS—to endorse a student contribution for the purchase of new uniforms for our Blue Band, and for further financial support to the Forensic Council (Debate and Glee Club).

It is sincerely believed that the above concepts are within the authorized powers of the All-College Cabinet and that with the support of the student body, they can be consummated successfully.

**State Party**  
1. Establish a dating code and attempt to secure recreational facilities for independent men's houses and dorms.

2. Establish a co-operative type of store in a convenient location on the campus for the benefit of all students.

3. Work for better Student-Faculty relations especially through a representative of the Council of Administration and the Senate.

4. Support the School Student Councils.

5. Promote the aims and programs of the National Student Council convention held in Chicago.

6. Foster and support a state-wide convention of College Student Government Associations.

7. Religious and racial discrimination have no place in our way of life and the State Party will do everything possible to eliminate these evils in State College.

The above are listed as solutions to some of the problems of today that we feel we can help to correct. As other important issues arise, the same open and direct procedure will be followed. The State Party will always be ready to work for those things which will benefit the student body, such as securing a vote on All-College Cabinet for Pollock Circle and Windercrest, and a sidewalk along Shortridge Road. Also in line with this thought we will keep the issue of a Student Union alive and before the proper authorities.

## SU Issue Up For Vote

All-College Cabinet, at its meeting Thursday night, accepted four recommendations made by Eugene Fulmer in his report on the recent Student Union convention held recently at the University of Illinois.

Two of the points will be placed on the ballot at the forthcoming all-college elections. They are (1) students will vote on the question of a \$5 per semester assessment for a Student Union, to begin in the Fall semester. (2) Students will decide whether they want a Student Union or a Field House.

The other recommendations accepted by Cabinet were (1) that the trustees be requested to initiate a fund-raising campaign for a Student Union in 1947 and, (2) that the Student Union Committee include representatives from each student activity on campus.

## Council Asks Nominations

Nominations for the Chemistry-Physics Student Council for 1947-1948 will be accepted in Dr. G. C. Chandless's office, 105 Pond Lab, today, tomorrow and Thursday, according to Raymond Shibley, council president.

Candidates are asked to submit their own names to insure the election of genuinely interested persons. An all-college average of "one" is required. Slated for May 5 and 6, the elections will be supervised by the All-College Elections Committee.

Proportionate representation of each curriculum will be obtained by voting for members in three groups. Six juniors and six sophomores will be chosen from the curricula of chemistry, chemical engineering and commercial chemistry. Physics and science majors will have three seats in each class, and the pre-medical students, two. Next year's sophomore class will select three members.

## LaVie Requests Activity Photos

LaVie is requesting glossy print photographs of social events that took place during 1946 and 1947, according to Seymour Rosenberg, editor.

Any students or groups may submit prints with captions at Student Union or LaVie office, 412 Old Main, any time after today.
