Freshmen Barred From Campus; Policy Continues

The Board of Trustees of the College has decided to continue for at least another year its present policy relative to admission of freshmen to the campus, President Ralph Dorn Hetzel announced today.

"This policy," Dr. Hetzel said, "requires all freshmen, without exception, to take their first year's work at one of the institutions now cooperating with the College or at one of the credit class centers operated by the College."

The trustees considered carefully the request that freshmen who are residents of the State College area be exempted from this policy, Dr. Hetzel explained. No exceptions were possible, he said, for three reasons:

1. All sophomores coming to the campus in September, 1947, will be required to remove their freshmen academic deficiencies during the 1947 Summer Session. So-called repeat sections of freshman subjects virtually will be eliminated from the Fall timetable because.

2. The advancement of a large sophomore class into specialized upper-class courses will mean more professional subjects to be taught in smaller sections. Commenting on this, Dr. Hetzel said, "Our faculty simply cannot handle these additional courses and the freshmen subjects as well."

Plans Shelved for Haircut 'Holiday'

The Council on Racial Equality decided at a meeting this week that the plan for an immediate boycott or "holiday" of barber shop patronage should be shelved for a period of two weeks.

During this period, petitions will be circulated in town and on the campus asking persons who sign to pledge their support to barber shops which do not practice discrimination, according to Martin Light, AVC representative on the Council.

Light said that the petitions will be used to show the barbers that should they cooperate with the Council on Racial Equality, continued patronage would be assured.

Another meeting will be held at the end of the two week period and steps to be taken after the barbers' reaction to the petitions is observed will be decided upon, said Light.

Senior Committee Reduces Price

"Spring" will be the theme of the Senior Ball to be held at Recreation Hall on May 23, dance co-chairman John Matternas said yesterday and added that the price of tickets has been reduced to \$3.60 per couple, tax included.

"This reduction was made possible because the dance committee has decided to reduce profits and therefore bring better entertainment to Penn State at lower prices," Matternas emphasized.

Charlie Spivak's band has been signed for the semi-formal affair. "The Man Who Plays the Sweetest Trumpet in the World" is noted for his danceable music and smooth rhythm.

His last appearance at Penn State attracted over 1900 couples to last year's Winter Fantasy, the largest crowd to attend a dance in the history of the College.

He also holds the record for the longest stays at the Hotel Pennsylvania and the Commodore, two of New York's leading hotel spots.

WSS to Begin Fund Campaign

World Students Service Fund at the College will begin its drive on May 5, according to Jerry Miller, general chairman.

While no immediate goal for the College has been established, the aim is to fill our collegiate share. The national goal for American campuses is \$1,000,000.

The campaign will be a door-to-door solicitation and the money contributed by students and professors will go for the relief of less fortunate fellow students in the world-wide university community.

Those in charge of the drive are Jerry Miller, general chairman; Phyllis James and Edward Banyai, soliciting co-chairmen; Arthur Tenhull, financial chairman; and Natalie Biederman, publicity chairman.

Branigan Reports Nominees Eligible

John Branigan, chairman of the Elections Committee, said yesterday that transcripts of all candidates for the All-College elections next week have been examined by his committee and found to be in order.

The Elections Committee will meet again Tuesday night, when cliques may file any complaints about violations of the Elections Code. Complaints may also be presented at another meeting to be held after the closing of the polls, and at that meeting, witnesses may appear if desired for specific cases.

Branigan said that all complaints and violations will be considered by the Elections Committee after the voting ends Thursday, and any penalties will be inflicted at that time.

According to Branigan, the All-College rally at which candidates of both cliques were to be presented to the student body, has been called off because all suitable meeting places are unavailable.

Women Students Draw Room Priorities Next Week

Women students who wish to choose a room for the fall semester may pick up their priority numbers in the Dean of Women's office from 8:30 to 12 noon and 1:30 to 5 p.m. Monday and Tuesday, according to Miss Lucille Anderson, assistant to the Dean of Women.

Numbers will be drawn from a box and early arrival will not necessarily mean that a low number will be drawn.

All girls planning to remain in their same rooms must choose a number. Girls who plan to room together in the fall should both draw and may then use the lower number.

Choice of rooms will be made in the Dean of Women's office Tuesday, Wednesday, and Thursday evenings. A time schedule will be posted on the bulletin boards in the dormitories.
