

WSS Fund To Aid Foreign Students

The World Student Service Fund drive which opens May 5 will use the money collected by door to door canvassing to aid over 400,000 students in Europe and Asia, according to Jerry Miller, general chairman.

Education in many countries was interrupted, universities were destroyed and looted during the war. The fund has been established to aid the students of these universities and help get the educational system in working order.

No specific goal has been set for the College, but the national goal is \$1,000,000 to be collected from students and professors. The drive will continue from May 5 to May 7.

'The Mighty Atom'

"The Mighty Atom" will be the subject of Dr. William Hutchins, director of the Danforth Foundation and father of the president of the University of Chicago, when he speaks at a meeting of the PSCA Club in 304 Old Main at 7:30 o'clock tonight. Dancing and refreshments will follow.

Elections—

(Continued from page one)

Senior Candidates
