NEW YORK—The last major portion of the telephone strike has been settled. Twenty thousand installation workers of Western Electric have accepted an hourly pay boost of 1½ cents. A New York union leader says the employees will go back to work today.

OAKLAND, Calif.—The Western Pacific railroad's Feather River Express was wrecked yesterday 20 miles southeast of Oakland. The locomotive hit a concrete block and turned end over end. Four crewmen were treated for cuts and bruises. No one was critically injured.

BERLIN—American and British zone leaders in Germany spoke sharply yesterday, telling the German people to face the present food crisis with hard work and stop grumbling. The sharpest warning came from the American director in Wuertemberg-Baden, Sumner Sewall. He said protest strikes might cost the Germans relief supplies from the United States.

LONDON—The Soviet Monitor says it understands there has been talk that one of Russia's war heroes, Marshal Georgi Zhukov, has been imprisoned on charges of plotting against Russia. The broadcast said there's no authoritative knowledge available and suggested there may be a mistake. Zhukov, said the Monitor, is a common Russian name.

NANKING — Chiang Kai-shek has told the People's Political Council in Nanking that it's up to the Communists to take the first move toward ending the civil war. (Continued on page eight)

Cwens to Donate \$300 for SU Room

Cwens, sophomore women's honorary, will invest \$300 in a savings fund for the purpose of endowing a room in the proposed Student Union building. Sally Henry, new president of the society, said that the decision was voted upon at a meeting Monday night.

With the exception of senior classes, Cwens is the first campus organization to set aside money for this use. Money from the fund will be used to furnish one room although the type of room has not yet been decided.

Dorothy Park was elected vice-president at the meeting, and Marjorie Gorham, treasurer, and Janet Lyons, secretary, will retain their offices for next semester.

Ticket Sale Set For Senior Ball

Tickets for Senior Ball, priced at \$3.60, will go on sale at the AA window, 8 a. m. Friday, according to dance co-chairmen John Matternas and William Dietrich.

Only 1500 tickets will be sold, and students are urged by the dance committee, to make their purchases early Friday to insure entrance to the final dance of the semester.

Charlie Spivak and his orchestra will play for Senior Ball which features a "Spring" theme. In accordance with the policy set by the sophomore and junior dance committees, no corsages will be necessary, the co-chairmen stated.

Seating capacity for dancers will be doubled by the use of chairs around the dance floor. Space usually allotted to fraternity booths will be used to supply seats for the Senior Ball guests.

Coeds have been granted "two o'clocks" for the dance which is scheduled to run from 9 p. m. to 1 a. m.

Before forming his own outfit, Charlie Spivak played with such name bands as Benny Pollack and Ray Noble.

Grid Tickets To Go on Sale

Application blanks for the purchase of tickets to the Penn State football opener with Washington State will be at the Student Union desk Thursday morning, said Harold R. Gilbert, assistant to the graduate manager of athletics.

The pre-season tilt will be played at the Hershey Stadium on Saturday night, September 20. The game is scheduled to begin at 8:30 daylight saving time.

Application blanks may be returned any time before August 15 and will be handled on a basis of "first come first served," said Mr. Gilbert. Only 1986 tickets will be sold.

The address on the blank will be the one to which the tickets are sent, it was stressed.

Tickets are priced at \$3.60 tax included, and there will be a twenty-five cent handling charge for each order placed.

There is no limit on the number of tickets that can be ordered, and students wishing to sit together should pin their applications together. All seats are reserved for the West stands, sections three and four, which is about the 20 to 40 yard line.

The game, which is the first one on the 1947 schedule of both teams, was arranged through the cooperation of the Harrisburg Rotary Club, and the proceeds will go to charity.

Although it is not a home game, the Blue Band and cheerleaders will be there. Members of the band will probably be asked to return to the campus for reorganization about a week before the game.

London Society Honors Dr. William L. Henning

Dr. William L. Henning, coach of the College's livestock team and a member of the animal husbandry faculty, has been notified of his election as an honorary vice-president of the Southdown Sheep Society in London, the only American thus honored at the annual meeting of the organization.

Dr. Henning is executive secretary of the American Southdown Breeders Association which maintains its national offices in State College.

I. F. C. Keys

There are still a number of I. F. C. Keys which have not been picked up at Mr. Fleming's office in 102 Old Main. All men who have ordered such keys are urged to pick them up as soon as possible.

College Admits First Fall Semester Freshman

Selected as the first student to be admitted to the 1947 freshman class of the College is Andrew B. Stoner of Mt. Pleasant. In common with other freshmen, he will be assigned to one of the 23 graduate centers, teachers' colleges and private schools cooperating with the College in the placement of first year students.

According to William S. Hoffman, registrar, war service, Pennsylvania residence and high school ranking once again will serve as the criteria for admission. This is the second year that freshmen have been assigned elsewhere, and guaranteed admission to the College as sophomores.

The 22 schools which cooperated with the College last fall have indicated that they will do so again this year and Dickinson Seminary at Williamsport has been added to this list.

French Film Plays At Local Theater

"The Baker's Wife" is the second in a series of films being sponsored by the International Film Club at the Cathaum Theater today and tomorrow, according to Edward Abramson, assistant professor of sociology and head of the Film Club. The film will be shown at regular prices and times.

Raimu, star of the picture, is considered one of the world's greatest actors, said Abramson, due to his ability to be a comedian and yet give a serious touch to his performances. The movie itself is human and unpretentious, with no attempt at sophistication.

The plot reveals all the prejudice and pettiness of a small French village. It centers around a young wife who tires of her baker-husband and runs off with a young shepherd.

Although in French, the American audience will have no trouble following the story as it has English titles by John Erskine.

"The Baker's Wife" is one of the immortal pictures and is as thoroughly enjoyable as it is well done," said Abramson.

The Film Club is planning to bring "The Well-Digger's Daughter" and "Children of Paradise" to State College this summer.

Blue Band Gives Outdoor Concert

Blue Band will give an outdoor "pop" concert on the front campus at 3:30 p. m. Sunday. In case of rain it will be held in Schwab Auditorium.

The program will be a lighter type than the indoor concert. According to Director Hummel Fishburn, 11 students will act as guest conductors, each one conducting one number.

Among the selections that Mr. Fishburn will direct is "Headlines" by Colby. This piece has long been a favorite of the Blue Band.

He will also conduct several numbers requested from the indoor concert, the "Red Cavalry March" by Morton Gould and "Porgy and Bess". Selections by George Gershwin, "At the Gremelin Ball" by Hill was requested from last year's concert.

Daily Collegian

The Daily Collegian will publish the last edition of the semester Friday. All stories and advertisements should be turned in at the Collegian office by 4 p. m. Thursday.

Registration Still Possible For Three Summer Sessions

Bolte Discusses World Problems

"A Veteran Looks at Peace" was the topic of AVC National Chairman and Rhodes Scholar, Charles G. Bolte, Monday night at Schwab Auditorium.

Mr. Bolte began by saying that veterans still have problems and that three real and persistent ones are money, housing, and jobs.

"AVC has had some success in advancing a program of satisfying these wants," he said.

The motto of the American Veterans Committee, "Citizens First, Veterans Second," has been accepted by the public he said. The belief that veterans needed special help has changed and all the veterans want are equal opportunities.

"There never was any fear in our minds that veterans would come back as a solid block," he said. "The danger of totalitarianism methods and the fear of a demagogue has decreased. The veterans have returned to their own lives, jobs, and families, and that is what they fought for."

Bolte said that the postwar aims of the AVC are peace, jobs, and freedom.

"It is tragic and almost unbelievable that two years after victory, the first of these objectives seems to be in jeopardy," he said.

Bolte commented that the United Nations should have written into its charter the power to enforce by law the disarmament of the individual nations; the international control of atomic energy; and the power to arrest, try, and punish individuals conspiring against peace.

Econ Department Increases Staff

Five professors and several instructors will be added to the staff of the economics department, according to Carl W. Hasek, department head.

The new members of the faculty, their subjects and previous positions are Dr. Eugene Myers, public finance and labor problems, Washington bureau; Dr. Roger Saylor, statistics, University of Illinois.

Dr. J. H. Reedy, Jr., foreign trade, Wesleyan College in Connecticut; Prof. Ralph Wherry, insurance, University of West Virginia; and Prof. Ellis Chadbourne, business law, Vincent DePaul University.

Seniors to Hold Annual Picnic at Whipple's Dam

The annual Senior Class picnic will be held at Whipple's Dam all afternoon Saturday, June 7, said Lynette Lundquist, senior class social chairman.

Graduating seniors who plan to attend are requested to sign up at Student Union. They may bring dates of other semesters or imports if their names are also listed. Transportation will be provided for all who request it.

The remainder of the three day weekend includes Baccalaureate and Class Day on Sunday and Commencement on Monday.

Newman Club Picnic

Hecla Park will be the location of the annual Newman Club picnic to be held Sunday. Buses will leave the Rectory at 2 o'clock and will pick up people at the corner of College avenue and Shortlidge road at 2:15 o'clock.

There will be a charge of \$.50 to cover cost of transportation.

All those wishing to attend the summer sessions, who have not yet registered, may do so any time before the beginning of any of the three respective sessions, according to John E. Miller, administrative assistant to the summer sessions director.

Miller estimated the attendance of the three periods to be 500 for intercession, 4000 for the main session and 2500 for the post session.

The system of priorities for admission to the College applies only to the regular academic year and not to the summer sessions. No limitations on enrollments will be in effect for the 1947 summer sessions.

Admission to the summer sessions does not establish priority for admission as a resident student or as a candidate for a degree in a regular semester of the academic year.

Final registration for the intercession will be in 1, 2, and 3 Carnegie Hall from 8 a. m. to 12 noon, June 10. Main session registration will take place in Recreation Hall from 8 a. m. to 12 p. m. and from 1:30 p. m. to 5 p. m., June 30.

Undergraduate students who completed registration for the main summer course during the (Continued on page eight)

College Organizes Electronic Groups

In connection with the plans for organizing a Volunteer Electronic Warfare company at the College, Lt. Francis H. Yonker, USNR, said yesterday that two separate companies may be formed, an Electronic Warfare company and a Surface company.

He said that the electronic organization must enlist a minimum of five officers and 40 men with the rates of radioman, sonarman, radarman, signaller, electronic technician, and yeoman.

Of the 40 men in the company, Yonker said that 20 may be strikers. A striker can be anyone interested in learning who has not had previous naval experience.

Officers may be of a classification of C, CD, CL, SCOM, SE, SET, EMT, and ET.

Ex-Army personnel interested may join this Naval Reserve unit as a striker with the rate of Seaman, first class.

Those desiring additional information are requested to see or call Lt. Yonker, 308 Electrical Engineering, and attend a meeting scheduled for Thursday evening.

College Considers Store for Circle

A suggestion that a canteen be established for the men of Pollock Circle is being carefully studied, S. K. Hostetter, assistant to the president in Charge of Business and Finance, said today.

The proposal was made by a committee appointed by Albert Honig, president of Pollock Circle Council, when the men voted to cease their purchases from Sally's. The committee consists of Bernard Miller, Robert Foor, John Green, Bernard Pollock, and Harold Weldon.

Mr. Hostetter said that the college is responsive to the need for increased student service, but added that the legality of the proposal must be studied further.

After that, he explained, the proposal must be passed on to the Board of Trustees upon whose decision the establishment of the canteen will depend.

If the project is given the go-ahead signal by the Board of Trustees it should be open for business by the fall semester, said Honig.
