### Food Rationing Threat

WASHINGTON — The latest hint of food rationing for Americans has come straight from a Cabinet member—Secretary of Labor Schwellenbach. He says that if the President's drive for voluntary conservation does not get results rationing may be necessary to feed starving people abroad.

This statement from Schwellenbach followed a White House meeting, in which the Cabinet committee on food said grains for export will be far less than this nation provided last year. On this issue Senator Arthur Vandenberg of Michigan said yesterday the immediate question is one of elemental human survival.

Today, the President will meet for the first time with the members of the citizens committee being organized to campaign against waste. This committee will be headed by Charles Luckman, known as the Boy Wonder of the soap business. Luckman says advertising material for the anti-waste campaign already has been prepared.

### Russia Rebuffs Senators

MOSCOW — A group of Senators is on the receiving end of a Russian veto when they were told they could not go to Russia. They are members of the Appropriations Committee, including Chairman Styles Bridges of New Hampshire. They asked permission to enter Russia to inspect the operation of the American Embassy at Moscow. That was all. But, said the Russians, the USSR cannot be made the subject of an investigation by American legislators. The Senators are pretty mad. Senator Bridges wants to know how long the United States will admit what he calls Soviet subjects and sympathizers to the United States.

## Nittany Dorm Residents Await Room Furnishings

Residents of Nittany dormitories who do not yet have all their furniture and bed linens must wait until the College receives them, William S. Gross, Pollock Circle and Nittany dormitory project manager, stated yesterday.

Mr. Gross said that both the linen and furniture have been on order for some time, and they have been shipped. The furniture was shipped September 19, from Wisconsin, but is being held up by slow freight movement.

The furniture issuance and linen supply for Pollock Circle is complete, Mr. Gross added.

## Yanks Win 5-3 To Open Series

NEW YORK, Sept. 30—(AP)—A pint-sized portside—tiny but wiry Vic Lombardi—carried the hopes of Flatbush with him tonight for a quick evening up of the World Series.

Although not named officially by Manager Burt Shotton of the Brooklyn Dodgers for mound duty tomorrow, Lombardi seems a certain choice to get the call against the New York Yankees in the second game of the blue ribbon series at the Stadium. The Yanks won today's opener, 5 to 3 before a record crowd of 73,365 fans, who paid a record gate of \$325,828.

**Reynolds to Start**  
Victorious Bucky Harris—the Yankee boss—already has nominated Allie Reynolds, a thunder-tossing right-hander, to do his second game pitching.

The left-handed Lombardi won 12 games and lost 11 during the regular season, Reynolds captured 19 and lost eight.

Most of the heavy firing in today's opener was jammed into the home half of the fifth inning, as the Yankees made all of their runs and all but one of their four hits.

### Branca Blows Up

Rangy Ralph Branca—the starting Dodger flinger had been slapping the Yanks down in steady order for the first four innings. Ralph had retired 12 men in a row when Joe DiMaggio stepped to the plate in the fifth.

Joe beat out a hit to deep short

The rally will begin with a parade starting at the Phi Sigma Kappa house on S. Allen street at 8:45 p.m. Prof. Hummel Fishburn will lead the Blue Band with the cheerleaders, headed by Stan Eisman, and the rest of the student body participating.

Coach Bob Higgins, the varsity football eleven, the hat society men and women will play prominent roles in the rally in front of the Lion Shrine near New Beaver Field. A public address system, floodlights, and platform will be set up by the Hat Societies Council, sponsors of the rally. The tear will be introduced to the student body at the gathering.

Rallies were begun again last year for the first time since the war. Before the war, pep meetings were held on the Jordan fertility plots, present site of temporary buildings and women's dormitory construction. Bonfires, a part of pre-war rallies, have been discontinued because of the fire hazard.

## Vocation Aids Open to Vets

Information concerning veterans' vocational rehabilitation and education is now available in a pamphlet that may be had upon request at the College Veterans' Administration, Franklin D. Fry, Chief of the Veterans' Guidance center, announced.

Included in the service of the Veterans Administration are vocational advisement tests that may be had free of charge to veterans but for which the administration is charged \$25 by the College.

"The purpose of vocational advisement is to find the vocation for which a man is most fitted, and in which he is most likely to succeed and be most happy in doing," Mr. Fry said.

The results of the examinations will be made known to the veteran the same day, he said, and excuse passes will be given for the classes missed.

"This," he said, "is a service which veterans are entitled to and provided for by law."
