

Panhel Lifts Rushing Ban From New Coed Transfers

Coeds who transferred from other schools this fall are now eligible for rushing, announced Mona Smulyan, Pan-Hellenic president, today.

It was printed in Tuesday's Collegian that transfer students would not be eligible until they had been on campus one semester. This decision was reversed by the Pan-Hellenic Council last night.

The transfers may be pledged this semester but may not be initiated until next spring. This will give them one semester to make their Penn State average. They must register along with the other eligible coeds October 6 and 7 at the Dean of Women's office.

All sororities will hold their second open houses from 2 to 4 p.m. this Sunday. Sororities which do not have suites or houses will have their open houses in the same lounges as last week.

Silent period will continue until 2 p.m. Sunday. At 4 p.m. it will again be enforced until 8 a.m. Monday, October 13.

Nursery Classes Draw Capacity

Classes of the X-GI nursery began Tuesday with a capacity enrollment of 36 in the Religious Education Building of the Presbyterian Church at the corner of Beaver avenue and Frazier street.

In order to accommodate the large number of children, the group has been divided into two sections, one meeting Monday through Wednesday, the other Thursday and Friday.

Mrs. Fielder Newton, graduate student in child development, has been appointed head of the school. Child development majors at the College will assist with the work, which may be substituted for required practicum in the college nursery.

The nursery is sustained by community subscription, and is supervised by a committee of townswomen headed by Mrs. Donald W. Carruthers.
