

### College Expansion--

(Continued from page one) as students on campus and in the undergraduate centers and other colleges throughout the state."

The College now has a campus population of 8122, and a freshman "farmed-out" enrollment of 3100 brings the total to over 11,200.

"Our laboratories are now doing more work than ever, not excluding the war years," he con-

All classes and regular activities of the College will continue as planned, the president's office announced. Any changes in the normal schedule of the College will be announced at a later date.

tinued, "and we expect this year to be a great year of accomplishment in all fields."

#### Stressed Patience

Delving into the local situation, President Hetzel stressed that part of the aftermath of the war is a shortage, overflow-

The International Film Club in cooperation with Warner Brothers, will present the British film, "Great Expectations" at the State Theater, Friday, Saturday, and Monday.

#### As Many Captains as Officials

There was a captain for every official when Penn State and Washington State opened the intersectional football season at Hershey Stadium. The Cougars boasted three co-captains, and the Lions two. A fifth official was used for the first time.

ing classrooms and such. These problems must be dealt with patiently and constructively. We look to the student body for understanding and help."

Since the time of the president's statement, a temporary classroom structure with a capacity equal to Sparks Building has been opened, new housing for

1000 single veterans has been completed, and construction has been under way for two new units of 1100.

Construction is in progress for

76 family units for faculty members, and a temporary student activities building is being placed on campus with twelve thousand square feet of floor space.
