Penn State studying Engineering, Waring, his brother Tom, and two friends formed a rhythm band in which Waring played the banjo. Since all the instruments were rhythmic, the men sang melodies, and that was the beginning of the Fred Waring Glee Club idea. He made the rounds for fraternities, high school proms, and other affairs.

The organization first gained fame in 1922 when they were booked as the "overflow" band for the J-Hop at the University of Michigan. Their success was so great that the Pennsylvanians found themselves playing to the majority of the crowd at the dance, and with radio and theater offers on their hands.

The resultant success is known to all, five years as the "best 15-minute show" in radio, two years as the "shortest half-hour on the air," and more recently, the "finest daytime radio show," and leader of all evening musical broadcasts.

the right spot when the music stops.

The Cwens have always had an annual dance but for the past four years it has been the Dungaree Drag. The first one was so well-liked by the students, judging from the attendance, that the Dungaree Drag itself has become a tradition.

Tickets are now on sale at Student Union for \$1.20 per couple tax included.
