

'Hig's' Dream Play Turned Tide For Team

Tomorrow's game with Colgate brings to mind the pass-off play that helped beat the Raiders 13-10 on New Beaver Field in 1942. It originated as a pass from fullback Joe Colone to end Bucky Walters, who passed the ball off to halfback Cliff St. Clair as he bolted by on his way to the goal line.

Later, Coach Bob Higgins admitted that he had conceived the play while resting on his bed a few nights before the game, and that it had developed just as he had envisioned it.

This so-called "dream play" will be the subject of Bill Brandt's famous "Once in a Lifetime" story tonight, when he broadcasts his nightly sports program over the mutual network.

The program, with its Penn State feature, will be carried over the facilities of WMAJ, starting at 7:45 o'clock.

The game tomorrow will be aired on an eighteen station hook-up. Some of the stations carrying the broadcast, including WMAJ, are KDKA Pittsburgh, WMRF Lewistown, WARD Johnstown, WJSW Altoona, WSCR Scranton and WSYR Syracuse, N. Y.

Gridders Maintain National Marks; Lead In Defense, Rushing Offense

Bob Higgins' Penn State gridders continued to top the rest of the nation's powers in three departments, according to statistics released today by the National Collegiate Athletic Bureau.

In addition to leading the nation in total defense, rushing offense and rushing defense, the Nittany Lions moved from third to second in total offense by virtue of their one-sided statistical conquest of West Virginia last week.

The Lions hold a comfortable edge in total defense with an average of 69 yards gained against them in five games. North Carolina State ranks second with an average of 105.8 in four games.

RUSHING DEFENSE

In rushing defense, the Blue and White gridders again have a comfortable lead with an average of only 10.8 yards per game gained against them. Next in line is Wake Forest with an average of 39 yards in five games.

The Nittany eleven has run up an average of 326.6 yards to lead the nation in rushing offense. Second is Detroit with an average of 303.3 yards in six games.

Penn State, which trailed West Virginia in second place last week in total offense, pushed the Mountaineers down to 10th place and took over the second spot this week. The Lions have averaged 415 yards total offense, placing second only to Michigan with 438.6 yards a game for five games.

LITTLE PASSING

The Lions failed to place in the

first 10 in forward passing offense and forward pass defense. The reason for this is that Penn State has relied on its ground attack all season, taking to the air only for short distances.

While teams have been unable to crack the Lion line for ground gains, they have been able to rack up a certain amount of yardage through the air.

Despite Joe Colone's great punting, the Lions do not place among the top 10 punting teams in the nation. The reason for this is that the Penn State gridders use the punt more as an offensive weapon and consequently most of Colone's boots have been out of bounds punts for short distances.

Theodore Kunin was named the Editorial Director of FROTH announced J. Arthur Stober, editor.

Two College Films Cross Atlantic With Profs

"Your College" got around last summer.

Two films, "Your College," a story of activities on the campus, and "Pennsylvania Local Government," went along with Dr. J. Paul Selsam, professor of European history and Dr. John H. Ferguson, professor of political science, on their job of providing an orientation program aboard ships carrying exchange students to and from Europe.

Both films were produced by the motion picture and recording studios of the campus. Although some of the immigrants understood little English, they marvelled at the colored views of the College campus and also were impressed by local government procedure, said Dr. Selsam.

Winter Parking Rules Reviewed by Chief Juba

"It is against boro regulations to leave cars parked on the street over night when there is snow on the ground," police chief Juba said today. "Now is the time to locate a place to park your car when snow finally does arrive. Cars left on the street when snow plows are operating will be tagged. The penalty for failing to comply with the regulation is a two dollar fine," he added.

Artists' Tickets On Sale Tuesday

Tickets for the 1947-8 Artists' Course at the College will go on sale Tuesday and Wednesday at the Athletic Association office, according to Dr. Carl E. Marquardt, chairman of the Artists' Course committee.

Priority tickets, entitling purchasers to their places in the ticket sale line, will be issued to faculty and townspeople at the Athletic office 8 a.m. Monday.

Tickets for students will be given out at the Athletic office 1:30 p.m. Monday.

According to Dr. Marquardt, about an hour is required to issue the priorities which are stubs indicating at which hour during the sale the holder applies. His number in line is indicated, but if it lapses he loses his turn.

The four numbers on the 1947-8 program include "Madame Butterfly," the Puccini opera; Carol Brice, cello-voiced contralto; the National Symphony orchestra, with George Enesco conducting; and William Kappel, pianist.

Sale of tickets will begin at the Athletic office November 4, starting at 8 a.m., for students. Faculty and townspeople can purchase tickets at the office 8 a.m. November 5. If tickets are still available, they may be purchased by out-of-town residents November 6.

Tickets for the series of four numbers will sell for \$6.90 and \$8.10. Both prices include tax. The \$6.90 tickets are for the side balcony and are limited in number.

Dear Veterans and Comrades:

Tuesday next, as a voter, you will have the chance to express your choice as to **COMMERCIAL MOVIES** doing business or not on Sundays.

Let us see what it will mean if you vote yes.

In this town there are **THREE MOVIE HOUSES**, all of them owned by one of the largest **CORPORATIONS** in the country. Try to open one here yourself and see how **BIG** they are.

This Corporation wants you to increase their business and profits by **14 2-7%**.

This Corporation is doing business here six days a week and now wants the seventh. This seventh day in competition with our Churches of all denominations.

Not **FREE MOVIES**. They want your money as a strictly business and Commercial proposition.

Is that a **FAIR DEAL** for the **CHURCHES**?

The Churches say no. Your judgment of **FAIR PLAY** says **NO**.

The Churches have only one day of the seven set aside for them and that is the **Christian Sabbath Day**.

The Churches are not Commercial institutions that can compete with **Gigantic Corporations**.

They are **Free Institutions** open to you and to your family.

The Churches have been the foundation and the inspiration of **Christian America**. You destroy the Churches and you destroy America.

You have seen places where there were no Churches and instead, you saw "**Honky Tonks**," "**Gambling Dens**," and "**Immoral Sewers**" ready to "**skin**" you out of your last penny.

Would you desire to see the same "**Hell-holes**" in this community in place of the Churches?

Over **40,000 "Grads"** happily lived here. They carried away with them the influences of the Penn State Spirit and with it they attained renowned positions in **World Affairs**.

Whenever they felt lonesome and needed entertainment the Churches and the homes welcomed them. This same spirit is maintained for you.

Do a good deed—support the Churches, the backbone of our Country. That you can do by voting and placing an **X** alongside of the word **NO** on the ballot.

Your Comrade,

EUGENE H. LEDERER,

Member of Disabled Veterans of America, Veterans of Foreign Wars, American Legion, & 40 and 8.
