Kurt Salmon Associates, Incorporated, Nov. 17 & 18, eighth semester men in IE.
Arrangements for interviews should be made at once in 204 Old Main.

Editor's Mailcall

A Call for Progressives

TO THE EDITOR: The Penn State chapter of the Young Progressive Citizens of America (YPCA) hereby invites all campus progressives to join us in the "good fight."

We are an organization of people who want to work for a free, prosperous and democratic America. We seek to combat apathy which is reaction's weapon. YPCA seeks to enlist all liberal minded students in a year-round program of action on national, state, and local issues.

To further clarify just what YPCA is and what it stands for allow me to state the following. We are not a political party. We owe no allegiance to any political party. We are the youth division of the Progressive Citizens of America (PCA) with a concentration of 18-25-year-olds. YPCA functions on 40 university campuses and has a membership of over 2,000 students.

Our objects are many and affect directly all students. We support FEPC, increased veterans' subsistence, federal aid to education, the 18-year-old vote, the United Nations, and a high standard of living for all Americans. We oppose unequivocally any form of discrimination based on race, color, creed or national origin.

The "good fight" is a long, hard struggle and the immediate gains seem pitifully small at times. But the advance of social progress moves steadily and the struggle shows concrete results. We of the Penn State chapter of YPCA hope that many more of our study body will join us in that battle for better living.

—William Bensch, Acting Chairman,
Penn State Chapter Y.P.C.A.

\$9,900 Question

TO THE EDITOR: I would like to use the Collegian as the means of bringing to the students of the Nittany and Pollock Circle dorms the fact that they are continuing to pay for their room and board while they are on Thanksgiving Vacation.

As approximately 1800 students of these two dorms did today, I paid \$55.00 for five weeks board. During these five weeks, we are on vacation 4 1/2 days. If we allow one day or three meals for late departures or early returns, we find that the students are paying \$9,900 and not getting a darn thing for their money. What, may I ask, is becoming of this \$9,900?

Isn't it possible for the Nittany and Pollock Circle Councils to take some action on this matter? We have about 14 days vacation, not counting Christmas, and this amounts to quite a sizable sum of money.

—Earl C. Supplee, Jr.

Gilbert L. Crossley, assistant professor of electrical engineering at the College, and the personnel of short wave station W3YA-ALMA have been complimented by the Office of the Chief Signal Officer, War Department, for their work as the main key station for the recent Kon-Tiki Expedition.

During the expedition of the six Norwegians who sailed on a raft from Peru to the Polynesian Islands, this station maintained contact with the Norwegian scientists. The expedition started on April 29 and ended August 13.

The letter of commendation, written to the College, is as follows:

"The Chief Signal Officer directs me to express appreciation to your efforts in maintaining communication with the Norwegian Expedition, Kon-Tiki and to the celerity with which the problem was undertaken.

"In this connection, I should also like to compliment Professor Gilbert Crossley and the other members of your organization concerned with the matter on their resourcefulness, and to thank them for this hard work."

The letter is signed Capt. George H. Darwin, Office of the Chief Signal Officer, War Department.

100,000th Patient In Hospital for Free

Insurance of Lumbermens was not quite prepared for the treatment he received when he entered hospital last night as a patient. He had expected to pay his bill but was told there would be no charge for his stay there. Hospital covered his bill.

Rightists Gain

WILL YOU BE THIS LUCKY OR—

—will your trip to the hospital mean big bills? Hospitalization means big bills for room and board, X-rays, anaesthetics, and so on—and you can't rely on being as lucky as the "100,000th patient." Your best protection is hospital insurance and Lumbermens new Personal Hospital Expense Policy offers you this protection. This modern, simplified policy provides:

- Increased daily benefits—up to \$10 per day for hospital room and board.
- Five times the daily benefit for other hospital expenses—on a blanket basis, not limited to certain items.
- Liberal surgical fees based on type of operation and daily benefit. (Optional.)

The services of this agency are always available to help you get broad protection at low cost. Consult us for full details on this new hospital policy.
