Professor Hummel Fishburn's Blue Band and the cheerleading squad will be on hand to lead songs and cheers.

Grid Pioneer Cheers State

There will be a gridiron "pioneer" in the Temple Stadium tomorrow when Penn State and Temple collide in the 500th intercollegiate football game that the Nittany Lions have played.

This pioneer is Charles C. Hildebrand of Philadelphia, one of six living members of the College's first football team.

Mr. Hildebrand entered Penn State in 1886, and helped organize the team that met Bucknell University twice in 1887. The Lions won both games.

Although a group of Penn State students tried to organize a football team six years earlier in 1881, it wasn't too successful and the team wasn't officially recognized until the eleven of which Charles Hildebrand was a member scheduled the two games against Bucknell.

Mr. Hildebrand, a retired business man, is one of State's most avid fans and never misses the annual homecoming game at State College, or the Lion excursions to Philadelphia. He boasts that he has seen every Penn-Penn State

Lions From the Lion

Ogoniz avenue and
City Lion.

Dear Gang,

Forgot to tell you that I voted Tuesday down here. A man put a dollar on the lion and said, "They won't know you're a lion, just don't roar and go in and vote." I pulled a lever marked "Dillworth" and the "Tilt" lights went on. So I pulled one marked "Samuels" and 4 quarters rolled out of the slot.

It's been lonesome down here without the gang. The Temple bunch has been riding me. They keep reciting "The Owl and the Pussy Cat." Last night I went to sleep counting Slosberg's jumping over a goal post. You fellows must smother the bird.

Picked up a hot rumor. Temple is planning to use some sandhogs on the squad to dig a tunnel under Steve Suhey and John Nolan. A special tool rack for picks and shovels has been set up behind the Temple bench.

See you tomorrow.
The Lion.

Nominations End Today For Chem-Phys Council

Today is the last day for sophomores in the School of Chemistry and Physics to nominate themselves for the Chemistry and Physics Student Council, said Bob Schock, president.

Students in any curriculum of the school are eligible and may become nominees by signing a list in Dr. G. C. Chandlee's office in Pond Lab. The only requirement is a one all-college average. Nominations have been coming in very slowly, Schock commented, and if necessary the nominating period will be extended to next week.

Cabinet Probes Pollock Circle

Pollock Circle grievances will be thoroughly investigated by All-College Cabinet, it was decided by Cabinet last night.

A report by Harris Gilbert, chairman of the food conservation committee revealed that 325 Pollock Circle residents voted against cooperating with President Truman's food conservation program while only 91 favored the plan.

In his report to Cabinet, Harris pointed out that "the vote is not based on a hostile feeling towards food conservation. Rather there is such a feeling of embitterment as a result of various inequities.

"Such complaints as the ones against the quality of the food, the service, the menus, and the financial arrangements are given as the reasons for an embitterment so strong that it could motivate a group of men, largely veterans, to cast a vote against an appeal to patriotism."

Appointed to investigate the situation are All-College President Thomas Lannen, chairman, Harris Gilbert, Edward Banyai, Allan Ostar, and Robert Troxell.

Banyai later pointed out that the food bill at Pollock Circle averaged \$1.73 per day while the average fraternity food bill averaged \$1.32 per day, according to a report he had received from the Pollock Circle Food Committee.

President Lannen also appointed a committee headed by Robert Troxell to investigate the advisability of changing the All-College Constitution to include a representative from Windercrest.

Cabinet Proclaims Short Skirt Week Beginning Today

Publications to Spark Attack on 'New Look'

Today is the opening day of Short Skirt Week, declared Tom Lannen in a presidential proclamation to the student body at the All-College Cabinet meeting last night. Allan Ostar, Collegian editor, proposed the issue from the floor and the president then made the proclamation with the approval of Cabinet.

Opening the week's series of events will be the Short Skirt Skip, informal dance to be held in Rec Hall at 9 o'clock tonight at which a queen will be chosen as best exemplifying the girl with the "Old Look." An all "Old Look vs. New Look" issue of Froth will come out next Tuesday and throughout the week features and opinions by campus figures on the "New Look" will appear in the Daily Collegian.

Judges to Measure
One of the requirements for a coed's entry into tonight's dance, the "Short Skirt Skip" will be the stipulation that she must wear a knee-length skirt. Judges armed with tape measures will circulate among the dancers to make sure that the requirements are met.

To the girl who fulfills the requirements set up by the judges will go the title, "Corkie, Queen of the Old Look," plus the distinction of being featured in the Christmas issue of Froth.

Siem the Hem
"Men stem the hem" will be the theme of the Short Skirt Week issue of Froth, the campus
