

### Education Honorary Holds Celebration For Founders' Day

Alpha Kappa chapter of Pi Lambda Theta, national educational honorary, will hold its first Founders' Day Banquet at the Westminster Foundation 8:30 p.m. Tuesday evening, according to Mary Frances Gregory, publicity chairman.

Dr. Nell Murphy will deliver the main address. Her subject will be "They do it better at Alpha Kappa."

Dorothy Harpster will speak on the early and recent history of the local chapter, and Mrs. Mary Ann Gree Jackson will tell of the 1947-48 program. Mrs. Willa Taylor will direct the singing, and Mary Louise Hefly will sing a solo.

Many alumni guests are expected to return to the College to take part in the celebration activities. Mrs. Sara Belle Reese Moyer, first president of the Alpha Kappa chapter, will extend greetings to the members.

Mrs. Ann Fagan Grau, one of the charter members who helped to make the local chapter a branch of the national organization, is also expected to attend.

All members are urged to return banquet questionnaires as soon as possible.

### Skirts Snafu - Lannen

Thomas J. Lannen, All-College President, commenting on the "new look" said, "The situation on campus is definitely SNAFU—Skirts Now All Fouled Up. I think the new long skirt styles not only detract from the beauty of the College, but they also take the joy out of living for every red-blooded Penn State man."

### Sutherland Talks To Belles Lettres

Dr. Bruce Sutherland, professor of English literature at the College, will address the second meeting of the Belles Lettres, English literary club, in the northeast lounge of Atherton hall at 7 p.m. Tuesday.

Topic of Dr. Sutherland's talk will be "The Sentimental Bloke." The Sentimental Bloke is a character created by C. J. Dennis, well-known newspaper columnist who specializes in writing Australian dialect. The speaker will read selections from Dennis' poetry and explain its local color.

Dr. Sutherland is a native of Philadelphia, and graduated from Dartmouth university. He received his doctorate at the University of Pennsylvania, afterward serving in the library at Princeton university prior to coming to the College in 1935.

He currently teaches a course in literature of British colonial possessions, featuring Australian dialect. This course, first introduced in 1941, is the only one of its kind given in the United States.

## New Dorms Offer More Time On Campus to Future Coeds

"The new dormitories, when completed, will accommodate 1000 coeds and will enable them to spend most of their college life on campus," Mrs. Cordelia Hibbs, new member of the Dean of Women's office in charge of housing, said today.

Eight sororities will be housed in each of the two new living units. All sorority houses will be vacated and those girls moved into dormitory suites, she said.

At present there are approximately 175 women in town dormitories. These girls, Mrs. Hibbs stated, will probably be assigned to campus dormitories at the end of their first year here at the College.

The 1200 girls in the living units "have been very cooperative in the selection of their rooms and roommates," she concluded.

Mrs. Hibbs came to the College last July from Uniontown where she had been in business. She is the widow of Dr. Samuel E. Hibbs, former physician in Uniontown.
