

Committee Plans Social Activities For Pitt Weekend

500 Couples Expected At Wm. Penn Dance

Entertainment plans for Pitt Weekend have been completed, after conferring with the Alumni Association of Pittsburgh, said Ray Kelly, of the entertainment committee for Pitt Weekend.

The weekend will feature a dance in the main ballroom of the William Penn Hotel after the game. Five hundred couples from the College, the entire football team and many alumni are expected to attend. Joey Sims and his orchestra will supply music for dancing from 9:00 to 12:00 p. m.

Reserved tables will be available in the Silver Room, the Adonis Room, and the Urban Roof. Refreshments will be served cabaret style. Tickets, now on sale at Student Union, are priced at \$3.60 a couple.

To diminish the room accommodations problem, the committee reported that there still are rooms available for Saturday night in the William Penn. Two large sample rooms, one reserved for women students and the other for men, will comfortably accommodate 20 persons each. They are available Friday and Saturday nights at \$2.50 a night. Reservations can be obtained at Student Union.

The committee suggested that students who are unable to acquire reservations at the William Penn contact other Pittsburgh hotels.

State

Last Spring when the State Party placed its platform before the student body, it was with sincerity and the knowledge that it could be carried out. It was, in short, a statement towards which all State Party candidates would strive, and with this, it is only natural that the sophomores in this election are sworn to uphold it. With this statement, the State Party hereby submits its present standing platform, carrying with it the intention that the sophomores will aid the incumbent State Party, members now in All-College Cabinet.

1. Establish a dating code and secure recreational facilities for independent men's dorms and houses.

2. Establish a cooperative type of store in a convenient location on Campus for the benefit of all students.

3. Work for better student-faculty relations, especially through a student representative on the Council of Administration and Senate.

4. Support the school student councils.

5. Promote the aims and purposes of the National Student Convention held in Chicago.

6. Foster and support a state-wide convention of college stu-

Vets to Report to VA For Subsistence Checks

Veterans who have not yet received their subsistence allowance checks are requested to report to the VA, Old Zoology Building, during the second week of the month following the non-receipt of their checks, announced Robert Stroud, veterans' advisor. Frequently the failure of the checks to arrive is due to a change of address. Since such mail cannot be forwarded it is returned to the disbursing office and held until a correct address is provided by the veteran, said Mr. Stroud.

Other reasons for delay in the receipt of subsistence allowance may be due to necessity of transfer of records, which should be brought to the attention of the local VA office.

Seniors Schedule Photos for La Vie

Approximately three hundred seniors who have not yet had pictures taken for La Vie will have one last opportunity to reschedule appointments at the Photo Shop, Marjorie Mousley, photo editor, said today.

Seniors affected may reschedule appointments themselves by calling the Penn State Photo Shop, 2345, and asking for a reappointment date Thursday or Friday of this week, or Monday and Tuesday of next week.

Although La Vie is contacting each senior concerned by either letter or telephone to remind them of this reappointment, La Vie is not making the appointment dates. It is up to the individual to do this either before or after being contacted.

This will be absolutely the final chance to have such pictures taken, and seniors who have not yet done so are urged to make these reappointments as soon as possible.

Exchange Dinners To Start Sunday
