

Coed Cake, Not Green Apples Turns Brothers' Stomachs

By Anne Kovalenko

Rachel Emerick, home-ec student, found an opportunity to demonstrate her cake-baking skill at the Sigma Phi Alpha house recently. While her friend Larry Lindill looked on with a glint of high anticipation in his eyes, she mixed some chocolate batter and popped it into the oven.

But all was not well, because Gremlin Sherwood Jones, another SPA, had his fingers in the pie (cake, that is). "Jonesy," without doubt the meanest man in the world, had been asked to check the house's baking facilities before Rae took over.

Noting the small quantity of flour in the bin, "Jonesy" put his "mind" to work. One cup of flour would make an infinitesimal cake, the "mind" decided.

Great Idea Materializes

But there was some Plaster of Paris in the basement and no reason why it should go to waste. He fetched it quickly and concocted a mixture consisting of 40 per cent Plaster of Paris and 60 per cent flour.

Then his fiendish mind became even more diabolical. He added some pulverized "horse" glue and several tablespoons of double-acting baking powder.

To Jonesy's decided stupefaction, Rae's baking ability somehow triumphed over the ingredients and a lovely cake was set aside to cool.

But the Results!

Jack Kramer and Jim Anderson strolled by a few minutes later, helped themselves to big chunks of cake and gulped them down when no one was looking. Shortly afterward "Jonesy" fessed up and a hectic search for emetics ensued.

Latest reports said that the brothers survived but suffered the most excruciating tummy aches imaginable—far worse than anything ever brought on by eating green apples.

Circle Donates To PSCA Drive

The solicitor for the PSCA membership drive in dormitory 14, Pollock Circle, reports that one half of his division has pledged \$30, James Smith, executive secretary of PSCA, states.

Reports from other sections indicate that a fraternity is averaging over a dollar per member and a collector in Atherton says that most of the girls contacted have pledged \$2.50.

No Figures Available

No definite figure is available on the drive, for most division leaders and solicitors are waiting until their contact job is done before reporting total funds collected, Mr. Smith says.

Robert Drick and Phyllis James, Student co-chairmen, ask all section and division leaders to turn in as much money and pledges collected by Nov. 17.

Ted Bunnell, faculty chairman of the drive, asks that all reports

ANTA To Review Players' Shows

William Butler, a representative of the American National Theatre and Academy, of Washington, D.C., will cover Players' production "A Sound of Hunting" and the opening of their arena show, "Out of the Frying Pan."

Players recently became affiliated with ANTA, which is headed by such theater personalities as Helen Hayes, Robert E. Sherwood and Rosamond Gilder.

Queen, Attendants Rule at Harvest Ball

The Harvest Ball at Rec Hall December 12, sponsored by the School of Agriculture, will feature a Harvest Ball Queen and four attendants, said William Hanlon, dance committee member.

Students attending the dance will select these winners from girls whose pictures have been submitted. The votes will be cast on the back of the ticket stubs when dancers first enter Rec Hall.

Pictures of entries should be turned into Student Union by December 1. Fraternities, sororities, or any group and club affiliations are urged to submit pictures of contestants. Pictures will go on display immediately after December 1.

be in from his solicitors by Nov. 18.

Closing date for the finance drive to raise a goal of \$6300 is Nov. 19.

Building new telephone lines for you takes well planned teamwork by these two »

Behind this giant plow train, burying a new transcontinental telephone cable, there's a story of typical teamwork by Western Electric in helping the Bell Telephone Companies to give you faster, even better service.

As the supply member of the Bell Telephone team, Western Electric is producing the coaxial cable which can carry 1800 telephone messages at once—can transmit television network programs, too. Complex machines—designed by Western Electric engineers—are turning out this cable mile after mile to keep the plow trains pushing forward on schedule.

Ever since 1882, Western Electric has been an integral part of Bell Telephone service—helping to make it the world's best at the lowest possible cost.

Vets To Receive Checks

The next issue of veterans' reimbursement checks for text books and supplies will be on Tuesday, November 25, said Charles F. Mattern, coordinator of veterans affairs, today. The deadline for turning in receipts for supplies purchased will be 5 p.m. Monday, November 17. In order to accomplish this second issue of reimbursement checks before Thanksgiving vacation, Mr. Mattern urges the full cooperation of all veterans who have not yet turned in their receipts.
