Subversive Groups

WASHINGTON—The government has made public its official list of "totalitarian, fascist, communist or subversive" organizations. Membership in listed organizations will not prevent federal employment or force dismissal.

On the list are 71 organizations and 11 schools, including the Ku Klux Klan, the Columbians, and the Communist party. Attorney General Tom Clark says that additions may be expected from time to time.

Discuss Unity

LONDON—Today's meeting of the foreign ministers' parley will discuss German economic unity. The session yesterday saw the first exchange of verbal blows between Secretary of State George Marshall and Russian Foreign Minister Molotov. The day also was marked by a bitter but not productive debate on Austria's future.

Violence in France

PARIS—Fashionable French Riviera towns, such as Nice and Cannes, were scenes of violence yesterday as Communist-led unions fought a back-to-work movement. Two persons were killed in the south of France, while police battled mobs at Post-Orices. At Nice, 32 persons were injured. At Marseille, 130 have been arrested.

Mountain Warfare

HARLAN COUNTY, KY.—Three persons have been shot and a tavern dynamited in what authorities term an outbreak of mountain warfare. Officials link the flaring violence to the Saturday night ambush slaying of a 25-year-old war veteran. No arrests have been made.

Student Union Slated For January Opening

Work on the temporary Student Union building is progressing rapidly, according to George W. Ebert, superintendent of Grounds and Buildings, and should be ready for use sometime in January.

The work on the one-story section is practically complete with the roof on and the interior partitions almost finished. The higher section with a semi-basement is ready for roofing.

A ballroom, capable of admitting 250 couples, is the main feature of the new building which was acquired from the Lebanon USO. The building is complete with a PA system, facilities for piping recorded music to all parts of the building, game rooms, soda fountain, lounge and ping pong tables.

PSCA Drive Ends, Fails \$6000 Goal

The PSCA annual finance campaign will officially end today \$2000 short of the minimum goal of \$6,000, James Smith, general secretary, stated. A number of solicitors' reports have not been received, however, and it may be possible to push the proceeds above the \$4,000 mark.

This is the first time since 1942 that the campus goal of PSCA has not been met by the faculty, staff and students of the College. The shortage of funds may seriously handicap important programs and services the Christian Association renders, Mr. Smith said.

Students have contributed \$2500 of their \$4,000 goal while the faculty has raised approximately \$1500 of the \$2,000 budgeted for faculty use.

Letters of appreciation have been sent by Mr. Smith to the more than 380 student campaign personnel which cooperated with the more than 100 faculty canvassers. Chairmen of the campaign were Ted Bunnell, Robert Drick and Phyllis James.

Hosterman Named Athletic Assistant

Walter R. Hosterman Jr. has been named assistant graduate manager of athletics at the College, it was announced yesterday. The new appointee has already assumed his duties under the direction of the graduate manager, Harold R. Gilbert.

Since his return from the service in March, 1946, Hosterman has been employed in the Grounds and Buildings Department as a utility engineer. He graduated from the College in the dairy husbandry curriculum.

Hosterman played on the Penn State soccer teams of 1938, 1939, 1940, captaining the latter team and winning All-America honors as a halfback in 1939 and again in 1940. He captained the last unbeaten team in the victory string which went to 65 games before it was broken by Army at West Point in 1941.

At present his brother, Ralph, is a member of the soccer team and another brother, Kenneth, led the team in scoring until he fractured his leg in the game against Penn at Philadelphia early this season. A third brother, Charles, was the first member of the family to play on a Jeffrey soccer team.

Hosterman is only the third man to fill the position of assistant graduate manager at the College. Harold R. Gilbert filled the post from 1926 until his promotion to the top job three months ago, and Neil M. Fleming, who retired as graduate manager on September 1, was the first man to fill the position.

Photos of those competing for Queen of the Harvest Ball are being displayed in the window of the Athletic Store with final voting to take place at the dance on Saturday evening.

On each ticket to the semi-formal dance will be a stub to be placed in a ballot box, and much splendor will be exhibited when the chosen damsel takes her place among the elite of the College. At the far end of Recreation Hall will be a huge deep blue curtain covered with phosphorescent stars. To add to the winter spirit, the queen's throne will be flanked by snow-covered pine trees. On the bandstand also, the winter atmosphere will be evident.

According to Emory Brown and Neil Gingrich, co-chairmen of the dance, ticket sales have been brisk so far. On sale at Student Union and the agricultural fraternity houses, only 500 ducats will be available, selling at \$1.50 plus tax. All members of the varsity football squad have received free tickets and will be guests of the Ag Student Council at the ball.

Dancing will be from 9 to 12 p.m. and will be a no corsage affair. Music will be furnished by Huff Hall's orchestra.

Council Accepts Hetzel Memorial

Cabinet accepted the Hetzel Memorial Committee report on its second presentation last night. The report which suggests collecting a set of the late president's favorite sea stories was tabled last week.

The opposition at the first reading, favored an alternate proposal of establishing a memorial scholarship. However, discussion last night proved a majority of Cabinet members felt the library project would benefit a greater number of students.

A method for selecting 12 delegates to the Student Government Conference will be decided by Cabinet next Thursday. The College will play host to the representatives of student governments throughout Pennsylvania December 19, 20, and 21.

Robert Troxell, chairman of the committee in charge of the convention, revealed the choice of delegates, is extremely important as the College, under the present allotment system will send one of the largest representations. Edward Banyai, senior class president, suggested that half of the number elected at large by students. This plan, he said, would stimulate interest and furnish fresh views.

Frank Tidona, chairman, Willard Agnew, James Lotz, and Jack Tighe were appointed to investigate a student gift to the football team. A discussion followed concerning allotment of Cotton Bowl tickets. No solution was reached.
