

Coeds Deck Dormitories With Trees and Mistletoe

Once again the campus dormitories are decked out in their Christmas best. Each dorm has been provided a tree but decorations have been left up to the girls themselves and what a terrific job they have done.

Many of the decorations on the tree in the main lounge of Woman's Building were made by the girls. Their stairways are a mass of greens and a scene depicting carol singers has been painted on the window.

Mistletoe Over Door

Besides the tree in Watts, many of the girls have decorations on the doors of their rooms

and don't say you were told, but there is mistletoe over the door Beautiful trees deck the halls of Irvin and Jordan also. Under the one in Jordan are Christmas boxes and cards, and in Irvin the girls have put their toy animals under the tree to add atmosphere.

Mac Hall has wreaths on all the windows and candles on the tables and piano in addition to a mammoth tree. Grange has similar decorations, with holly and pine greens surrounding a huge red candle on the piano.

Miniature Trees

All four lounges of Atherton have trees and there are minia-

ture trees on the alcove tables and the main desk in the lobby. Red crepe paper drapes and white candles carry out the red and white theme in the southwest lounge. A madonna painting done by one of the coeds is also to be found in this lounge.

The northeast lounge has posters depicting "Christmas in the Home" in addition to a snow scene arrangement on one of the tables.

"MY HOW THE TIME GOES BY!"

when you're listening to HAL McINTYRE'S newest (MGM) record

ONE OF the grooviest ork-pilots on the MGM record roster is Hal McIntyre. Like so many other top-notch performers, Hal is a Camel fan from 'way back. He prefers Camels because: "Camels suit me best all ways."

For the same reason—more people are smoking Camels than ever before! A great new record for a long-time favorite.

Try Camels. Discover for yourself why, with smokers who have tried and compared, Camels are the "choice of experience."

Nothing suits me like a **CAMEL.** I've smoked them for years!

And here's another great record—

More people are smoking **CAMELS** than ever before!
