## Co-op Committee Inaugurates Move For New Campaign Rally, Letters, Tags Promote Co-op Store

Plans for concerted action to persuade the executive committee of the College Board of Trustees to reverse its unfavorable student co-op store decision are approaching materialization, said Emory Brown, chairman of the All-College Cabinet co-op committee.

A forum-type student rally is planned for Schwab auditorium, the date to be decided by the availability of the main speaker, a Midwesterner prominent in the co-operative movement, Col. Guy G. Mills, secretary of the State College Commerce Club, has indicated his willingness to participate in the program.

A joint co-operative committee, representing various student groups, has been organized to coordinate promotion of the co-op plan and to assist Brown, who chairs both committees.

Explanatory letters will be sent to all members of the Board of Trustees. Students will be asked to address postal cards to Trustees, and tags are to be distributed for wearing prior to the next meeting of the Board, January 24.

A petition asking for a reconsideration of student needs and desires for a store on campus to sell school supplies and toiletries has been drafted. Distribution of copies for signing is expected to begin next week and will be announced in the Daily Collegian.

### Truman Calls for Tax Cut

WASHINGTON — Congressional Republicans are up in arms over the president's state of the union message, delivered yesterday before Congress. The most controversial portion was that calling for a flat \$40 a year tax cut for every taxpayer and dependent, coupled with higher corporation income taxes.

In his message, the president also asked for prompt approval of the European recovery program with \$6,800,000,000 for the first 15 months; approval of a universal military training system; and legislation which would give him the power to bring back rationing and wage and price controls if necessary.

### Accuses President

ALBANY — Governor Thomas E. Dewey presented a message to the opening session of the New York legislature, Dewey accused President Truman of cutting the nation's economy loose in what he called a ruinous "inflationary whirlwind." Democrats in the state legislature claimed "at the message was clearly Dewey's bid for the 1948 Republican presidential nomination.

### 17 Die in Crash

SAVANNAH, Ga. — Seventeen persons were killed in the crash of a twin-engine passenger plane in a river marsh near Savannah. The plane's passengers, with the exception of a travel agent, were Puerto Ricans on their way home from New York.

### U. S. Warns Balkans

WASHINGTON — The United States and Great Britain today issued a warning to Yugoslavia and Bulgaria. The warning said that "serious complications" would result if those two countries should recognize the so-called "free state" proclaimed by Communists in northern Greece.

## 'Daily Masterpiece' Receives Praise From Reader

Resorting to flattery, Suzanne McCauley tabbed The Collegian as "the daily masterpiece" in order to have her address corrected.

It seems that Miss McCauley's copy of The Collegian has been mailed to the YMCA, which proved embarrassing. Miss McCauley asked to have the address changed to YWCA. Her postal card began "Have been receiving (and enjoying!) the daily masterpiece."

Contrary to the saying, Miss McCauley, flattery will get you somewhere. The address plate will be corrected.

## College Rates 'Spread' in Life

The College has once again made Life. Included in an article on "Ultrasonics" in the current issue of Life magazine is information on research done on acoustics in the College's department of physics.

Seven photographs showing a wad of cotton ignited by sound, marbles floated by sound, a white mouse before and after exposure to intense sound waves, and a column of fog before and after similar exposure are included in the article.

Work in ultrasonics at the College is conducted by Dr. Harold K. Schilling, head of the department of physics; Dr. Hubert W. Frings, associate professor of entomology; Dr. Isadore Rudnick, assistant professor of physics; and Clayton H. Allen, research assistant in physics.

## Windcrest Paper To Go to Press

The first edition of the Windcrest paper will soon go to press. Howard Sparks, resident Counselor, said at a meeting of the Windcrest Council Monday night, Mr. Sparks, who was recently appointed by Dean Arthur Warnock, said that the Council has decided that a newspaper will fulfill a great need in Windcrest and has asked for all possible support.

Because of the crowded parking conditions in the Windcrest area, the "fill-in" over the storm drain is being rapidly converted into a parking lot for approximately 40 cars. Steps have been taken to solve the problem of Pollock Circle men parking their cars in Windcrest areas.

A night watchman has been assigned to Windcrest, it was reported. He is on duty all night and checks the heaters in the utility units to insure fire protection.

Professor and Mrs. Brown of the economics department are offering a series of lectures this spring to the residents of Windcrest. The subjects in the series are planned to help the married veteran secure maximum benefit from his income before and after graduation. The lectures will not carry any College credit.

## Engineering Honorary Taps Twenty-one Men

Sigma Tau, national engineering honorary, recently tapped 21 men. Those tapped include Walter Allwoerden, Jack Biery, Lawrence Eberhart, Leo Fiedorek, Samuel Firestone, Edward Ghezzi, Robert Giles, James Herzog,

Arthur Jenkins, Roger Knowles, Robert Markel, David Nalven, Louis Parent, Donald Perry, Ross Pillsbury Jr., Felix Roth, Albert Sauer, Rollo Smethers Jr., John Walton, Warren Yenny Jr., and Joseph Zaslav.

## Coal Association Donates Painting

An original oil painting by Rockwell Kent will be presented to the College at the annual Mineral Industries student-faculty banquet at the Nittany Lion Inn Wednesday, January 14.

Presented by the National Coal Association to be added to the Mineral Industries collection, the painting, titled, "Progress for the Wheels of Industry," symbolizes the importance of coal in present-day civilization.

Students and faculty of the School of Mineral Industries may obtain tickets for the banquet today and tomorrow in the main hall of the Mineral Industries building, and from officers of the Mineral Industries Society, said John C. Chew, secretary. Price of tickets is \$2.

The Mineral Industries collection now consists of 165 original paintings representing the work of 75 artists. Started in 1930 by Dean Edward Steidle, the collection today is the only one of its kind in the world. The Rockwell Kent painting will hang as a centerpiece for the conference room in the new Mineral Sciences building, Dean Steidle explained.

George H. Deike, president of Mine Safety Appliances Company and a member of the Board of Trustees of the College, will make the presentation, James Milholland, acting president of the College, will accept.

## Penn State Club Sets Talent Show Tryouts

Tryouts for the All-College Talent Show being sponsored by the Penn State Club have been postponed until Sunday, Michael Zancosky, chairman of the show committee, said today.

Time and place of the tryouts have not yet been officially named, but exact details will be released when they become available.

Zancosky urged all students who have any talent whatsoever to try for a place on the show. Singers are urged to provide their own sheet music and accompaniment if possible. However, an accompanist will be furnished if the entrant desires one.

## La Vie Schedules Party

All junior and senior board members of the art and editorial staffs of La Vie interested in a La Vie party are asked to sign up in the office before 5 o'clock this afternoon, said Roberta Hutchison, editor.

The party will be held at the Ski Lodge from 3 p.m. to 7 p.m. Sunday. Transportation will be provided. Details on place and time to meet will be announced in Friday's Collegian, Miss Hutchison added.

Fred Waring, leader of the "Pennsylvanians," was named to the Board of Trustees of the College Tuesday by Gov. James H. Duff, Frank R. Denton was also appointed to a three-year post on the board.

At the same time the governor reappointed four trustees for terms of three years.

The office of the president was not notified officially of the appointments, said Wilmer E. Kenworthy, executive assistant to the president. There is no reason to doubt the validity of the report, however, he added.

The other new appointee, Mr. Denton of 5222 Wilkins Avenue, Pittsburgh, was formerly a brigadier general in the Army and is associated with the Mellon National Bank of Pittsburgh.

Reappointments were Howard J. Lamade, Williamsport; Roger W. Rowland, New Castle; W. Stewart Taylor, Harrisburg; and Edgar C. Wetzel, Scranton. All appointments were for three years.

Waring will not be the first of his family to be associated with the administration of the College. In 1856 William G. Waring, Fred's great-grandfather, was appointed acting principal of the Farmer's High School, predecessor of the College. He served in that post until the arrival of President Pugh.

Some idea of what may be expected from Mr. Waring on the Board of Trustees may be gathered from his statement that he would like to see on the campus "a great well-equipped hall,"

## Seniors Ask for Ideas

Donald Mitchel and Edmund Koval, co-chairmen of the Senior class gift committee, urge all seniors to submit their ideas concerning the class gift at the student union before Monday so that they may be discussed at the next class meeting.

## Military Department Shows Atom Bomb Films

Combat film and other films which portray various aspects of the present-day world will be shown weekly in a series sponsored by the department of military science and tactics, said Col. Ben-H. Chastaine, professor of military science and tactics.

The first program, to be given in New PPhysics building at 7:30 o'clock tomorrow night, will include the films "Operation Crossroads" and "Tale of Two Cities," which deal with the atomic bomb.

Other films on the first program are "The New France," "Tomorrow's Mexico," and "America the Beautiful."

## News Briefs

### International Relations

The International Relations Club will meet in the Northeast lounge of Atherton, 7:30 tonight. The subject for discussion is "Palestine."

### Organ Recital

There will be an organ recital in Schwab, 4:15 this afternoon. The program will include Caprice Heroique, Chanson sans Paroles, Scherzetto, Berceuse, Toccata and Fugue in D Minor and the Fiat Lux.

### SAM Meets

The Society for the Advancement of Management, student chapter, will meet with the Pennsylvania chapter of S.A.M. at the State College Hotel, 7:30 tonight. Mr. John J. MacCarthy, Director of Training, Gimbel Brothers department store, will speak on "Methods of Savings in Retail Stores."

## Artists' Course Committee Opens Additional Sale

### Good Seats Remain For All Performances

With many good seats left for either first or second night performances, the Artists' Course committee opened another ticket sale for the three remaining numbers of the series, according to Dr. Carl E. Marquardt, chairman of the committee.

Tickets may be obtained from Mrs. Fritz, in the admissions office at 112 Old Main. All remaining tickets are priced at \$6 apiece, which represents a saving of \$1.80 over the total admissions price to each of the three numbers.

The sale will continue through Monday afternoon for first night tickets and through Tuesday afternoon for those desiring tickets to the second night performance.

Remaining numbers will feature Carol Brice, Negro contralto, who will be at Schwab Auditorium on Monday and Tuesday nights; the National Symphony Orchestra of Washington, D. C., with George Enesco as guest conductor, on March 15 and 16; and William Kapell, young American pianist, on April 21 and 22.

## Committee Takes Scholarship Forms

Scholarship applications for 1947-1948 are now being received by the Senate Committee on Scholarships and Awards. Applications for the scholarships may be obtained in room 106 Burrows until January 14.

Scholarships awarded on basis of scholastic achievement and financial need are three John W. White Scholarships, 12 Louise Carnegie Scholarships, and two Helen Wood Morris Scholarships.

A number of awards available to needy and meritorious students at the Pennsylvania State College are offered by the Vance C. McCormick Scholarship.

The Lieutenant Harry Edward Wagner Scholarship award is available to men students who displayed exceptional ability as students and promise of leadership and who are in financial need.

Scholarship awarded on the basis of scholarship, fellowship, character, Americanism, and need is given by the 1920 Class Scholarship Awards.

A student may secure additional information from the Committee member representing his school.

### PSCA Dancing Club

The PSCA dancing club will resume functions in 304 Old Main at 8 o'clock tonight. Any interested persons may attend the meeting.

### Liebig Chem Society

There will be a meeting of the Liebig Chemical Society in 10 Frear Laboratories tonight. Election of officers for the coming year will be held and Dr. F. Adams Dutcher will address the meeting. All sophomores and junior students who are enrolled in the curriculum of Agricultural and Biological Chemistry are asked to be present.

### Collegian Ad Staff

Have you seen your account this week? Your weekly report is due at the Collegian office by 10 o'clock today.
