

NSA-

(Continued from page one)

in having a variety of speakers. It is believed that A.V.C. is sponsoring that well spoken and challenging speaker, Robert St. John, some time next semester.)

8. The rights of students to engage freely in off-campus activities, provided they do not claim to represent the institution, exercising their rights as citizens of community, state and nation.

9. The right to establish and issue regular publications free of any censorship or other pressure aimed at controlling editorial policy, with free selection and removal of editorial staffs reserved solely to the organizations sponsoring these publications.

10. The right to establish democratic student governments with adequate democratic safeguards against abuse of their powers.

Seek Changes

11. The right to petition through proper channels for changes in curriculum or professors. (Here is another place where we can use a lot of help in finding the methods to be used in getting professors who teach the subjects rather than those who do as little as possible and flunk as many as possible. Student government needs all the constructive help available.)

12. The right of equal opportunity to enjoy these rights without regard to race, color, national origin, religious creed, or political beliefs.

Now you say, "So that is the Student Bill of Rights, now what?" The purpose of Student Government is to aid in the developing the society of any educational institution so that it may better.

Aid Self-Education

1. Aid in the self-education of each student through his student government.

2. Awaken the student to his rights, responsibilities and his common interest with the rest of the college or university community.

3. Coordinate all faculty and student activities toward a common goal.

Student Control Necessary

Control of the Student Society, whether by administration or student government, is exercised not for its own sake, but only to implement the desired transformation of the whole society of the respective institutions.

NSA Recommends

The NSA recommends that courses be offered, either for credit or audition, on the purposes, functions, and techniques of Student Government. This type of training is needed here. Do YOU want it?

There is nothing more important than the relationship between the Administration and the Student Government. Just what are the powers and the responsibilities of Student Government? That often is the \$64 question here at State. The recent farce on the Blue Band is an excellent ex-

Debaters Explain Discussion Type

Four members of the men's debate team will demonstrate various discussion methods before the "speech clinic" of the University of Pittsburgh forensic and music league tomorrow, thus winding up a two-week period of extensive activity for the squad.

Harold Krause and John Sigler challenge, Mount Mercy College, Pittsburgh, on the subject of federal world government today before the Braddock Youth Forum. Eugene Fulmer, Thomas Hopkins, Royce Nix, and Samuel Neely, tomorrow's speakers, will discuss the current high school topic for the state, which concerns deciding on what order high school skill subjects should be placed in the curriculum. Among the skills to be evaluated are safe-driving, home-planning and home making, personal finance, newspaper reading, and human relations.

Harris Gilbert and Richard Hill debated the negative side of the world government question with Bryn Mawr, January 7, and Saint Joseph's, January 8. These contests marked the end of the collegiate career of veteran debater and team manager Gilbert.

The Hill-Gilbert duo has scored six wins out of eight trials this year, being defeated by Oxford University.

Harold Krause and John Sigler participated in a non-decision debate with Temple University, January 9.

ample. The members of Student Government were by-passed so long that finally it was too late.

As was stated at the convention Student Government is big business and all agreements should be in writing. It is very easy to say that "It is the opinion of several student leaders," and have it in print, but it is not so easy to find the students who gave the opinion.

Apathy

Student apathy seems to be universal in nature. The committee on domestic affairs is to conduct a study on how to remedy this situation. This is not only true of the individual student but also of many student governments. Don't forget the government is you.

Student social and cultural welfare was also discussed to great lengths. A well balanced program should be supplied or arranged for and by the students. Do you have any suggestions?

Some of the other factors that were discussed were:

1. Student part-time employment.
 2. Vocational information service.
 3. Student housing.
 4. Student publications.
 5. Student physical welfare.
- In order to help others to help

Music Students Appear In Department Recital

A student music recital, sponsored by the music department, will be presented in 117 Carnegie Hall, 8:30 tonight, announced Mrs. Elizabeth Reynolds and Professor Guy Woods, faculty members in charge.

A quartet including Rebecca Griffin, Paulette M. Zundel, Maynard Hill, and Howard Atwell will sing the song cycle, "In a Persian Garden," by Liza Lehmann. The group will be accompanied by Paul Margolf.

The last movement of Rachmaninoff's Second Piano Concerto will be performed by Jack Kelly, with Professor Woods at the second piano.

ROTC Contacts Bands For Second Military Ball

The annual Army and Naval ROTC military ball, the second joint affair of this kind since the reactivation of the Reserve Officer Training units, will be presented on March 19, co-chairman Philip R. Jones and Philip Gorm said yesterday.

Such name bands as Frankie Carle, Carmen Cavallero, Elliott Lawrence and Claude Thornhill have been contacted and dance committees appointed.

On the arrangement committee are Samuel Neely and William Trisler; decorations, Russell Nickerson and Robert Lauer; finance, David Laudig and Donald Miller; publicity, Thomas Botsford and Arnold Gerton; invitations, William Schreyer and John Kemper; entertainment, John Holmes and James Trinity.

Sigma Epsilon Sigma

Sigma Epsilon Sigma, women's earth sciences honorary, initiated seven new members in Mineral Industries Building on January 8. Nancy L. Blaugh, Mary Jane Boyd, Alice Heystek, Ruth Katz, Nancy Marlok, Ada Swinesford, and Martha White were the women initiated.

themselves we must embark on a very extensive cooperative endeavor. We must be willing to cooperate with other schools throughout the nation to exchange ideas and information. We must be unselfish in both time and money. The student leaders will have to make sacrifices in vacation and studies, but unless we, the students, take hold of the problems that exist they will grow and grow and we will have seen democratic education slip through our lives.

Watkins Issues Procedure For Spring Registration

Signed schedule cards should be picked up at the adviser's office before registration next semester, said Ray V. Watkins, scheduling officer, yesterday.

Students who require no changes on their schedule, processed during first-phase registration and approved by the scheduling officer, will report to Rec Hall after receiving "blanket forms" from their adviser.

Registration will only be permitted on the day designated for his semester classification in the spring, and are as follows:

Third and fourth semester, two-year agriculture, new and special students, from 8 a.m. to 12 noon, February 6.

Fifth and sixth semester, from 1:10 p.m. to 5 p.m., February 6.

Seventh and eighth semester, from 8 a.m. to 12 noon, February 7. Graduate students, any time before February 14.

Students who have changes that have been made on new change of schedule form must report to "Board of Control" at the Armory. Here the names will be added to the class roster or crossed off as the form indicates. Course cards will be issued for courses that have been added.

After a student has passed the Board of Control by having schedule stamped by the College scheduling officer, a blanket form will be given to the student. This form should be filled out as corrected by the change of schedule form.

The final schedule on the blanket form should be the corrected schedule as it was changed by new change of schedule form.

Students who have not registered at first phase registration (1) must report to adviser to receive a signed schedule, (2) report with signed schedule to Board of Control at Armory, (3) report to Recreation building to complete registration.

After February 7, (1) a student changing a section from one hour to another shall file a drop-add. (2) A student changing to another section which meets at the same hour shall not file a drop-add. (3) A student changing a course on the schedule shall file a drop-add.

Any course dropped by a department because of insufficient enrollment or any other reason shall be reported to A. W. Stewart, chief recorder. A list of the names on the class roster shall be sent to him and to Mr. Bissey so the course can be removed from the student's record. This procedure removes the necessity of a drop-add.

Cabinet-

(Continued from page one)

immediate disaffiliation clause and other reservations were accepted.

Cabinet also received the report of Athletic Association president Jack Tighe that the School of Physical Education and Athletics would be unable to flood the tennis courts for skating, due to financial and personnel shortages. The general unsuitability of the courts for flooding was also cited.

Jack Keller and Harold Brown were appointed to look further into the matter, and to attempt to get prompt action.

Whatta Menu!

FIT FOR A KING...

Students all agree . . . our meals are truly delicious. Our grand selection of dinners are a delight to everyone and they're price just right.

THE Allencrest TEA ROOM

"Would you wrap the Dentyne Chewing Gum as a gift, please?"

"That dame drives me nuts! 'Wrap it as a gift,' she says! As if anybody wanted to bother with fancy gift wrappings to get at that delicious, clean tasting Dentyne Chewing Gum with the rich, long lasting flavor. Dentyne is a gift at any price because it helps keep teeth white."

Dentyne Gum — Made Only By Adams
