"I'm Western Electric. I back up your Bell Telephone Service with equipment and supplies."

There's a good reason why  
**WESTERN ELECTRIC** is in this  
family circle

Western Electric is a member of the Bell System family circle for exactly the same reason that your local Bell Telephone company is a member—to assure the close teamwork that is essential for efficient, economical, nation-wide telephone service for you.

As the supply member of the family, Western Electric makes telephone equipment, buys all kinds of supplies, keeps these things in stock at 29 distributing houses for delivery to the telephone companies, and installs central office equipment.

This unified service of supply results in many economies to the Bell Telephone companies and, in turn, to you who use the telephone.

Since 1882, Western Electric has been a member of the Bell Telephone family—helping to make your service the world's best at the lowest possible cost.

## REMEMBER WAY BACK WHEN

you could put an ad in Ye Olde Collegian at the very last minute? Sometimes to the Ad Staff's relief, but most of the time to the Editorial Staff's despair. Well, you might think it sounds rough, but WE were really in a dither when the idea came up for a copy-ad deadline 48 hours prior to the day of publication. But now after seeing the advantages our advertisers get with this system in operation we wouldn't change it for the world; we knew you would appreciate these higher qualities of efficiency and better ads and our salesmen are eager to serve You. Get your Tuesday's ad in the Collegian office by Saturday.
