### Southern Democrats

WASHINGTON — Hot-ironed-collar southern Democrats are still making their feelings plain in regards to the presidential Civil Rights Program. Two Dixie senators denounced the proposed FEPC law in a minority report to the committee on Labor and Public Welfare. A majority of the committee recently approved the fair employment practices legislation. Louisiana Senator Ellender and Alabama Senator Hill attacked the bill as "laden with the ingredients of strife and unrest."

### Job Training

WASHINGTON—Senate and House conferees have agreed on providing more money for veterans taking on-the-job training program. The conferees fixed ceilings of \$210 a month for veterans with no dependents, \$270 for those with one dependent and \$290 for those with two or more dependents. The agreement is subject to approval by both houses, then goes to the White House.

### Partition Plan

LAKE SUCCESS — The United States has called for a showdown on whether the United Nations Security Council is behind the UN Palestine Partition Plan. The first test ballot in the council may come today. Although chances for a "yes" vote look slim, the United States is reported standing fast behind its resolution for acceptance of the plan.

## Kaye Seeks Campus Beauty Queen

Sammy Kaye is looking for the most beautiful girl on the Penn State campus to compete for the "Miss American Coed of 1948" crown.

The orchestra leader is sponsoring the second annual Miss American Coed contest. The girl finally chosen by three national judges will be crowned on his radio program. Judges will be Ed Sullivan, Broadway columnist, Tina Leser, New York designer; and John Robert Powers, head of a model agency.

Anyone can be a beauty scout

and help select Miss Penn State, said J. Arthur Stober, Froth editor, in announcing the contest. Anyone seeing a beautiful coed, he explained, should get her name and ask her for a snapshot that the campus judges may use. This picture should be submitted to Student Union, not later than 5 p.m. March 19. The name of the scout should be attached to the photo.

Fraternities, sororities, and other groups may act as scouts. The scout whose choice becomes Miss Penn State will receive publicity almost equal to hers in

Froth, said Stober. In case of duplication of entries, the picture with the earliest submission time will be given priority.

Last year's Miss American Coed was Mimi Hart of Iowa. Penn State's Joyce Parker came in third out of ten finalists.

The coed selected by the campus judges will have a special photograph made for entrance in the national contest.

"You may be going steady with Miss American Coed," said Stober. "Submit your best girl's picture and find out."

Advanced courses in Air Force, Engineers, Infantry, Ordnance and Signal Corps will again be offered in the Fall semester, the ROTC department announced yesterday.

Those eligible for enrollment in these advanced courses for which a total of 14 graduation points are granted, are juniors who are veterans or who have completed elementary Reserve Officer's Training.

Advanced ROTC cadets are paid a total of \$560 plus uniform for four semester's training.

The department also reported that if the Universal Military Training program goes through, Advanced ROTC cadets will be exempt.

Students interested in these courses are requested to inquire at 101 Carnegie Hall during the week of March 8.

## Enrollment Figure Shows 4 to 1 Ratio

Enrollment at the College, including students at the four undergraduate centers and the Mont Alto branch of the Pennsylvania State Forest School, totals 9903 for the second semester.

Of this number, 6603 men and 142 women, or a total of 8,248 are attending classes on campus. The registration at Mont Alto includes 101 forestry students and 57 Naval ROTC trainees.

Enrollment of veterans totals 5291, including 31 women, according to figures released yesterday by Mrs. Rebecca Doerner, secretary of veterans' affairs.

The total shows a decrease from last semester's figure, which was 5362 and included 47 women.

Veterans represent 78 percent of the "on campus" student body, compared with 79 per cent last semester.

Undergraduate veterans number 4848 men and 22 women; veterans attending the graduate school total 389 men and three women, and 29 special students make up the total.

These figures do not cover veteran enrollment at the undergraduate centers and Mt. Alto Forestry School.

Mrs. Doerner said she believes last semester hit the peak veteran enrollment, since most ex-GIs who expected to go to college had enrolled by that time.

## College Receives Top Grid Award

Official recognition of the College's 1947 football achievements was completed Wednesday night when Jack Lavelle, member of the Lambert Trophy committee, presented the huge bronze cup to the College.

John Potiskian and John Nolan, co-captains of the Blue and White's undefeated 1947 eleven, accepted the award in a short Rec Hall ceremony.

Next season's captain, tultback Joe Colone, named members of the varsity squad as they received individual gold-engraved photo frames.

Although the trophy will be held only one year, an accompanying plaque will be retained permanently by the College. Permanent possession of the trophy is granted for three wins.

The presentation preceded the State-Georgetown basketball contest.

## 'Friends' Outline Summer Projects

Sixty summer service projects for college students will be sponsored by the American Friends Service Committee. James E. Bristol, representative of the committee, will be in State College March 10, 11, and 12 to recruit students for these projects and acquaint them with the work of the Friends.

Students interested should call Larry Gara, 2598, for appointments with Mr. Bristol.

The projects range from rebuilding war devastated communities in Europe to studying cooperatives in every section of the United States to Mexico, Nova Scotia and Europe.

Problems of international cooperation and peace will be studied in International Service Seminars, and Institute of International Relations. Institutes last about ten days. Seminars last for seven weeks. Institutes in the East will be held at Albright College, Reading, Pa.; Cornell University, Ithaca, N.Y.; and Wellesley College, Wellesley, Mass.

Another project is the Institutional Service Units. In these units students work as attendants in mental hospitals or correctional institutions. They receive a regular salary and attend a course of lectures at the same time.

Information on these and other projects sponsored by the committee may be obtained from Mr. Bristol during his visit.

## IFC Key Orders

IFC representatives who wish to order keys should turn a check in to Student Union for \$2.40 for each key, said Bob Hirsh, IFC secretary.

Members should write the initials they desire on their keys on the back of the check.

## IFC Surveys Seek Student Opinion On Discrimination

Interfraternity Council took the first step Wednesday night to sound out student opinion on the problem of discrimination in barber shops when it instructed its members to survey the fraternity houses.

Willard Agnew, president of the council, gave the members of IFC three questions. Each member was instructed to conduct an opinion poll in his fraternity house and turn the results in to 104 Sparks for tabulation.

"I urge all houses who haven't taken a vote yet to do so," said Agnew. "since we would like to give the complete results to CORE by this afternoon."

The questions, decided upon at a meeting of the Committee on Racial Equality, are based on the committee's suggestion of starting a new non-discriminatory barber shop in State College.

The three questions asked were: "Would you favor the establishment of a non-discriminatory barber shop in State College?"

"Would you favor conducting a boycott against other shops while encouraging students and townspeople to patronize a non-discriminatory shop?"

"Would you advance one dollar towards a non-discriminatory shop, the donation to be redeemed 25 cents at a time as you receive a haircut?"
