

PanHel Brings N. Y. Lecturer

Pan Hellenic Council will sponsor Miss Margaret Sherwood, who will lecture in 119 Osmond Laboratory at four o'clock this afternoon. All coeds will be excused from their classes by the Dean of Women if they wish to attend.

The topic of Miss Sherwood's lecture will be "The Setting of the Jews," dealing with the value of a college education for young women. Miss Sherwood has had wide experience as a lecturer and consultant on the subject of social graces.

Miss Sherwood lectures to college girls, business women groups, and women's clubs, and spends a great deal of time on tour.

Following her lecture today, Miss Sherwood will go to Altoona, where she will speak at a mother and daughter banquet.

Bake Sale to Aid Exchange Student

Freshly baked rolls will be sold by graduate students in the home economics department tomorrow. This sale is an effort to raise enough money to finance living expenses for a Danish student, who will come to the College next year on an American Home Economics Association scholarship.

Orders may be placed for plain, graham or poppy seed rolls by calling extension 108. Rolls will cost 30 cents a dozen. Orders may be called for between 12 and 2 o'clock tomorrow at the Home Economics cafeteria or they will be delivered between 2 and 4 o'clock if so specified on the order.

To date the association has offered 50 international scholarships to young women in 22 countries. Else Margrete Holfeldt, Copenhagen, Denmark, will be the first student to come to the College on such a scholarship.

Eyewitness Discusses Palestine at Hillel

Leonard I. Beerman, of State College, will speak at the Hillel Foundation 8 o'clock tonight. "I Saw Palestine Betrayed" will be his topic.

Mr. Beerman, who is a rabbinical student at the Hebrew Union

Summer Registration

Any student considering attending Summer Sessions is urged to register immediately, according to Ray V. Watkins, scheduling officer. Many courses are already filled or near maximum enrollment, he pointed out. Also, some courses which now have light enrollment may be dropped.

In view of these two situations, Mr. Watkins emphasized the necessity for students who intend to sign up for the Summer to do so as soon as possible.

Telephones—

(Continued from page one)
75 in the other men's and women's dormitories.

Provisions have been made to install telephones in the sorority suites and also for future dormitories on this board. A sufficient number of trunk lines will connect the board with the dial exchange in the city and the administration switchboard in Old Main.

It is expected that the new system will afford better service and make easier the completion of calls from city after the additional trunks are added, reported Mr. Sigworth.

College in Cincinnati, is a graduate of the College. He spent several months in Palestine while a student at the Hebrew University and was there during the time of the partition plan decision.

Everyone is welcome at the services which will take place at the Foundation at 103 W. Beaver avenue.

AT PENN STATE

THE GREAT WHITE BEAR

DOES NOT WEAR SHOES

The bear says: I find that the freedom afforded by absence of this covering enables me to contact more people to tell them about the big泰山 Show on May 13, 14, and 15.

A campus-wide survey shows that the bear has left noticeable impressions over large areas—North, South, East and West.

"My future's in the telephone business"

"I've been in the telephone business a little more than two years.

"And what busy years they've been!"

"The Bell System has added more than 6,000,000 new telephones, erected some 1200 buildings, buried thousands of miles of cable and made great strides in extending and improving telephone service in rural areas.

"Telephone service has been extended to automobiles, trucks and trains, and a new system for transmitting telephone conversations and television programs by microwaves put in operation.

"At Bell Telephone Laboratories they're working on new electronic devices which will bring still wider horizons of electrical communications within view.

"I've had a part in this post-war progress."

There's a future in telephony.
