

Mosser Captures Advertising Prize

Albert Mosser yesterday was named winner of the advertising contest conducted annually for students of the College by the Interstate Advertising Managers Association. He will receive a cash prize of \$25 and a certificate of merit.

The entries were judged at the summer convention of the Association at Skytop, Pa., and were accepted on behalf of the students by Donald W. Davis, professor of advertising.

Other winners were Arthur R. Dodge, \$15 and certificate; Suzanne R. Conro, \$5 and certificate; Fred A. Peruzzi, \$5 and certificate; and Robert B. Stevens and Wayne C. DeArment, honorable mention certificates.

Selections are based on excellence in advertising copy, layout and planning. The 1948 contest was judged by Lowell Cross, advertising manager, Stroudsburg Herald; Donald Gapp, advertising manager, Meadville Tribune-Republican; and Thomas F. Martin, advertising manager, Shenandoah Evening Herald.

Ag Conferences Honor Professors

Three members of the Agricultural faculty of the College have been honored with invitations to participate in international agricultural conferences to be held in Canada and Holland.

Dr. H. K. Wilson, director of resident instruction for the School of Agriculture, will represent the United States on an Anglo-American panel discussion on "Trends in Agricultural Education at the University Level."

This discussion will feature the annual meeting of the Agricultural Institute of Canada to be held at Ontario Agricultural College, Guelph, Canada, June 21-24. A prominent British educator will represent England on the same panel with Dr. Wilson.

Two staff members of the U. S. Regional Pasture Research Laboratory on campus have been invited to present technical papers for the Fifth International Grassland Congress to be held in Noordwijk, Holland, in June.

Dr. R. J. Garber, director of the research laboratory, and Dr. Will M. Myers, cytologist, have been asked to present a sectional paper on "Methods and Techniques of Breeding and Maintaining Grass."

Of about 1400 known minerals, only some 300 have been put to commercial use.

Recreation Leaders Attend Conference

Nearly 200 recreation leaders, municipal and school officials, recreation board members, and representatives from State agencies in Pennsylvania are expected to attend a Recreation Conference at the College, May 19-20.

The first undertaking of its kind in the State, the Conference is arranging an ambitious program that will include 10 widely-known speakers and 60 panel members and consultants in the field of recreation.

Purpose of the Conference is to encourage the promotion and expansion of rural, community, and industrial recreation programs in Pennsylvania through the use of the State's abundant natural resources, and through the use of existing legislation.

Among the principal speakers will be William S. Livengood, Jr., Secretary of Internal Affairs; A. W. Castle, Chief of the Division of Extension Education, Pennsylvania Department of Public Instruction; Dr. Harold D. Meyer, director of recreation, State of North Carolina; V. K. Brown, retired director of recreation, City of Chicago.

Exhibits of recreation program activities are expected from 16 organizations, agencies, and industrial plants. Twenty consultants will be available for personal questioning in many fields of interest ranging from arts and crafts and athletics, to rural education and service to colored groups.

Hotel Ad. Honor Society Opens College Chapter

Sigma Eta Alpha, hotel administration honorary society, founded for the purpose of bettering the hotel industry, will receive its charter at a banquet in the State College Hotel, 7 p.m., May 20.

Requirements for the society, the first of its kind in the hotel administration curriculum of the School of Education, are that the candidate be a junior and enrolled in the hotel administration curriculum for at least two years.

Daniel Botkiss has been elected president, Everett Sneath, vice-president, John Boltz, secretary-treasurer, Joseph Daniels, historian and Mr. Richard Bower, advisor.

Other men initiated into the Sigma Eta Alpha society are: David Boozer, Richard Benefield, William Dean, Donald Heard, Jack Kemper, Jerry Russell, Jack Semour, Chauncy Teille, and Leroy Weidner.

Frothy's New World Highlights May Issue

Thomas Huxley's brave new world is not the only one. Frothy describes a different type of brave new world in the May issue of Frothy which goes on sale Tuesday.

Highlight feature of this issue, the last one for the semester, is the Alumni Newsreel which gives a crystal view of 1948 grads in 1961 and stars such campus figures as Thomas Lannen, Gene Fulmer, Al Ostar, and Ed Banyai.

Also in this issue is "The Broken Wheel" by Ted Kunin, the inside biography of a campus wheel.

GRIN AND BEAR IT

By Libby

"I am amazed at the news that I was burned in effigy in Pennsylvania—Why, that's not my state!"

Pershing Rifles Attend Concourse

Thirteen members of the Fifth Regimental Headquarters Battalion and Company B5 of the Pershing Rifles, ROTC honorary, will leave today for a regimental convention at Cornell University in Ithaca, N.Y.

Included on the convention agenda will be a drill meet, a meeting of officers and a military ball.

Fifth Regimental Headquarters will be represented by Bernard Rudwick, regimental commander; Edward Cohee, regimental executive; Theodore Bacha, adjutant; Jay Wakefield, David Malickson, and Harold Griffith.

Donald Tuttle, company commander; Everett Smalley, company executive; Curtis Truver, adjutant; Francis Ebersole, Conrad Davis, Everell Chadwick, and Bernard Miller are the members of Company B who will attend the convention.

Colleges from Pennsylvania, Maryland, New York and New England that have Pershing Rifle chapters are expected to be present at the Cornell meeting.

War Talk Grows As Mandate Ends

JERUSALEM — An American Quaker Harold Evans, of Philadelphia, has been recommended for the job of municipal commissioner of Jerusalem, as the choice of Jews and Arabs. The selection was disclosed in a letter from the United Nations Assembly to the British commander in Jerusalem. Britain's mandate in Palestine ends Saturday.

LAKE SUCCESS — A United Nations political sub-committee has voted to suspend the work of the U-N Palestine Partition Commission in June. This action came shortly after another sub-committee had approved a plan for a trusteeship arrangement for Jerusalem. This temporary regime is intended to save the Holy City from damage in the face of Britain's imminent withdrawal.

SYRIA—Dispatches from Syria say the armies of four Arab nations are closing in toward the Palestine border, as the end of the British mandate nears. Official Syrian informants predict an Arab invasion of Palestine early on the appointed day, May 15th.

TEL AVIV—At Tel Aviv, all trained Jewish men and women of fighting age have been called to arms. The pro-Zionist establishment of the new Jewish state will go into effect one minute after midnight tonight.

President Requests Funds

WASHINGTON — President Truman has asked Congress to raise the allotment for national defense to \$2,434,000,000 over present appropriations. The President set forth his request in a letter to the Speaker of the House, Representative Martin. Mr. Truman said the extra money is needed for armed forces expansion, including the draft.

Phone Strike

WASHINGTON — The C-I-O Union of long-distance telephone operators is planning a nationwide strike. The union is asking a wage increase of thirty cents an hour and a reduction of the work week. It is believed that any prolonged strike of the long-lines workers would tie up almost all interstate phone communication.

Half-Million Dollar Fire

MAINE—A half-million-dollar fire swept through a waterside factory in Maine today—and for a time menaced much of the Rockland waterfront. The plant was that of the Whitmoyer Laboratories, where fish meal and vitamin products are made. Tanks of alcohol and fish oil exploded during the fire, but no one was hurt.

Strike Instruction

MICHIGAN — Governor Kim Sigler of Michigan said yesterday that he will intervene in the Chrysler strike that started when the C-I-O United Auto Workers walked out. Sigler also said that he intends to settle the issue of whether the state has a right to conduct a strike vote. This was not done in the present dispute.

Strategic Mineral Samples Featured in MI Display

"Strategic" became virtually a household word during the late unlamented war, and nowhere is the term used more appropriately than in reference to minerals.

The School of Mineral Industries, among many other displays, has set up in the MI building a case of samples of strategic minerals in which the United States is deficient.

Quartz crystal, mined in a region north of Rio de Janeiro, Brazil, rose sharply in demand in the war because of its use in making radio oscillating equipment.

Bolivia facilitates that famous American custom of "eating out of a tin can," since it is the source of most of the world's tin. "Tin" cans consist more of steel than of tin, a fact which enhances the value of manganese, an ingredient of steel. South Africa is a large producer of manganese.

Those shiny aluminum pots and pans which the radio quizmasters give away to the thrilled ladies are made from bauxite, aluminum ore, much of which is imported from British Guiana.

India supplies chromite, ore of chromium, while Italy sells us that heavy liquid, mercury.

With inflation here, a nickel will not get you onto the New York subway, nor will it always buy you a shrunken, post-war candy bar; but for whatever it's worth, nickel is mined at Sudbury, Ontario. The American coin, of course, contains copper and other materials besides nickel.

It may be significant — some sort of providential invitation to international trade — that materials necessary to a complex modern life are not concentrated in any single country.

Cabinet—

(Continued from page one)

...c. Martha Koons, William Lawless, Donald Little, Janet Lyons, Terrell Ruhlman, Betty Shelley, Edmund Walacavage, and Robert Wine.

David Barron was chosen chairman of Forensic Council. Members are Harold Brown, Helen Dickerson, Richard Hill, Jean Hootman, Theodore Horner, Dorothy Knowles, Richard Schwiker, and Albert Sitter.

Donald Little and Ed Smalley are on the Memorial Day committee. Michael Deckman is chairman of the Student Press committee with Louise Conte, John English, Julia Kalbach, Bernard Miller, Steve Perialas, Elliot Shapiro, and Lewis Stone on the committee.

Richard Hill and Donald Little were named for the Community Forum committee.

Selected as the Pennsylvania NSA delegates were Joel Bachman, Lee Burns, Harold Brown, Herold Fahringer, Jane Fouracre, Joanne Kapnek, Donald Little, Charles Jones, Richard Morgan, Allan Ostar, Betty Lou Reed, and Jane Schwing.

Psychology, Ed Groups Hold Convention Here

More than 150 teachers and other educators will attend the Psychology Institute and Special Education Conference to be held at the College, June 21 to 25.

Among the speakers on the program are Genevieve Chase, consulting psychologist, and Ruth Cunningham, assistant professor of education, both of Teachers' College, Columbia University; Margaret Mathison, of the Juvenile Court, Pittsburgh.

Helen A. Murphy, associate professor in the School of Education, Boston University; Leversia L. Powers, of the Pennsylvania Department of Public Instruction; Paul A. Witty, director of the Psycho-Educational Clinic, Northwestern University; and May I. Young, supervisor of special education in Philadelphia public schools.

Others are Robert G. Bernreiter, director of the psychology clinic, Viktor K. Lowenfeld, professor of art education, and William U. Snyder, associate director of the psychology clinic, all of the Pennsylvania State College.

Company H Holds Dance, Installation Ceremony

Formal installation of the new officers of Company H, 1st Regiment of the Society of Scabbard and Blade will take place at a formal dinner dance at the State College Hotel, at 7 o'clock tonight.

Officers to be installed are Richard Manchester, commanding officer; Andrew Lock, executive officer; Charles Mebus, treasurer; John Holmes, secretary, and Joseph Pisklak, senior member.

The dinner dance will be the first affair of this kind since the reactivation of the company. Col. and Mrs. Ben-Hur Chastaine will be the guests of honor.

Chapter Author

J. W. White, professor of soil technology at the College, is the author of a chapter on "Life Within the Soil" in the American Rose Annual for 1948.

Professor White shows the vital importance of microbiological life of the soil.
