

Dairy Group Honors Borland For 'Outstanding Service'

Andrew A. Borland, who retired from the College faculty with emeritus rank on June 30, was presented with a Certificate of Honorary Recognition and Life Membership in the American Dairy Science Association recently.

The certificate was presented to Mr. Borland by Prof. A. C. Ragsdale, head of the dairy department of the University of Missouri and ex-president of the association, at the 43rd annual meeting of the association which was held at the University of Georgia, Athens, Ga., from June 14 to 16.

The honor was presented "in appreciation of outstanding service to the Dairy Industry and to this Association." Mr. Borland served for 34 years on the faculty and was head of the department of dairy husbandry for 30 years.

Citation

The citation attached to the back of the certificate reads in part: "To select his most important contribution is a difficult task. In the field of research, he has given generously of his time as an advisor to his colleagues. He will be best remembered as an outstanding teacher and able administrator. As a teacher, he has been deeply interested in character building. His interest in people and their love for him has been evidenced in his extension activities, the deep affection of his students and his participation in church and civic affairs. The dairy industry owes him much for his outstanding leadership throughout the years."

Faculty Present

One thousand delegates from every state in the union and six foreign countries were present. Those of the College faculty who

ANDREW A. BORLAND

were present, in addition to Mr. Borland, were F. J. Doan, E. M. Kesler, J. C. Nageotte, R. H. Olmstead, C. R. Gearhart, I. E. Parkin, R. G. Swanson and H. E. Shaffer.

A Penn State breakfast, attended by 100 graduates of the College, was given in honor of Mr. Borland at the convention. The group presented him with a watch.

AVC Meets

An important meeting of Centre County Chapter No. 1, American Veterans' Committee, will be held in 10 Sparks at 7:30 o'clock tonight.

All members who have changed their addresses or who for some other reason are not receiving meeting notices or AVC bulletins are urged to phone Morris Wiley at 6272 to correct the matter.

VA Sets Deadline On Lapsed Policies

Veterans are reminded by Veterans Administration officials that July 31 is the last day for reinstatement of lapsed National Service Life Insurance on a "comparative health" basis.

Before August 1, any eligible veteran may reinstate any amount of term insurance from \$1000 to \$10,000 in multiples of \$500, regardless of the length of time the insurance has been lapsed, and usually without a physical examination.

The veteran need only fill out a simple application form in which he certifies that his health is as good as it was when the policy lapsed, and pay premiums for two months.

The privilege of reinstating on this basis will be available after July 31 only to veterans whose policies have been lapsed for less than three months. Where the period of lapse is three months or longer the veteran may be required to take a physical examination and qualify as an insurable risk, VA said.

NROTC Unveils 5-Panel Mural

Five panels composing the Navy ROTC mural in Engineering "E" were unveiled with appropriate ceremonies at 4:30 p.m. Friday. Special invitations for the ceremonies were issued by the School of Engineering and the department of naval science.

The murals, which depict the various phases of naval training, decorate the walls of the NROTC reception room on the second floor of the building. They were painted by five students of Viktor Lowenfeld, professor of art education.

The students are Edward L. Mattil, State College; Charles E. Reynolds, of Wellsboro; Emmy Lou Fluke, of Saxton; Hiram Williams, of Dushore; and Albert V. Osman, of Mifflinburg, formerly of Bellefonte.

Head Waiter Today Bottle Washer Tomorrow

Head waiter today, bottle washer tomorrow. That's the story of the Maple Room in a nutshell.

The Maple Room, the cafeteria in the basement of the Home Ec building, is the scene of this topsy-turvy situation. The cafeteria is operated by the Hotel Administration department and is a regular three credit course known as Tea Room Management.

The students' jobs vary from day to day, thus enabling them to get acquainted with all the details — jobs such as planning meals, market orders.

Miss Violet Brughelli is the instructor in charge of the class. Students include David Boozer, Don Meyer, John Dunbar, John Wills, Dick Weber, Ray Dietrich, Ethyl Barklay, Joy Cutter and Catherine Gayman.

Teachers Discuss Class Research

Implications of research for the classroom teacher were discussed at the Business Education Conference held on the campus Monday and yesterday.

Two of the luncheon session speakers were James J. Gemmill, department of education, and Marion Rex Trabue, dean of the School of Education.

The enrollment for the conference was about 125 teachers, with representation from eight states, Illinois, Indiana, New York, Oklahoma, Pennsylvania, Virginia, and West Virginia.

The group visited Center Stage to see the current production of the Town and Nine Players.

Employment Office Lists Job Openings

Three hundred have registered at the student employment service for work during the summer session. There are still baby sitting, housework, and garden and lawn care jobs available.

Mr. Allan Reece, in charge of student employment, said that a position is available for an expert machine tool draftsman who has had experience in industrial machine tool design. For further information call Mr. Reece, Extension 231.
