

Health Service Maintains Facilities For Student Welfare

Organized in 1915, the College health service promotes healthful living and treats ill and injured undergraduates.

The Dispensary is the outpatient department, with office hours from 8 a.m. to 12 noon and 1:30 to 5 p.m. during the fall and spring semesters. These hours are maintained Mondays through Fridays, with hours from 8 a.m. to 12 noon on Saturdays.

Other Hours Listed

On Sundays and holidays all patients will be cared for in the outpatient department of the College hospital, with 10 to 11 a.m. being set aside for outpatient treatment in the hospital for non-emergency conditions. The dispensary is located in 3 Old Main.

The infirmary is the inpatient (hospital) department. With the exception of the regular College vacation periods, the hospital is open twenty-four hours of the day and has a staff physician in attendance. The College hospital is located on the north side of Pollock Road, intersecting Shortlidge Road on East Campus.

Certain Treatments Are Free

Each patient is entitled to certain routine medications and surgical dressings free of charge. Other unusual drugs and hypodermic injections will be charged

to the patient at a figure less than he could obtain on the open market.

Each patient is entitled to seven days free treatment in the College infirmary each semester. Upon the expiration of the free hospitalization, he is charged three dollars per day for any additional number of days required in any given semester. Expenses for consultations with physicians not on the staff must be assumed by the student.

The semester health fee does not include calls or treatment in students' rooms made by members of the health service staff. It is best to move the ill patient at once rather than wait for a physician to make a call in the patient's quarters.

Includes X-ray Expenses

The semester health fee includes the expense of one X-ray examination if ordered by a member of the medical staff. Additional X-rays are taken as needed at a cost of two dollars per plate.

The laboratory facilities of the health service are included in all examinations ordered by the medical staff in the semester medical fee.

Visiting hours at the infirmary shall be between the hours of 2 and 4 p.m.

Tribunal Holds Discipline Powers

Student Tribunal, a committee of All-College Cabinet, is the student organization with investigation and judicial power over the disciplinary problems of men students.

In previous years Tribunal was primarily interested in establishing and enforcing freshman customs. With no freshmen on the central campus the main consideration is now the handling of traffic violations on campus.

Students are not permitted to drive on the central campus from 8 a.m. to 5 p.m. Monday through Friday and 8 a.m. to noon on Saturday. Student drivers may park only in the West parking area and are prohibited from parking on Burrows, Shortlidge and Pollack roads, and in

the Sparks, Recreation Hall, Mineral Industries, and Osmond Laboratory parking areas.

Each violator is given a trial by the Student Tribunal and if found guilty is fined \$1 for the first offense, \$2 for the second offense, \$5 for the third offense and \$10 or recommendation for disciplinary action to the Dean of Men's office for the fourth offense.

Members of Tribunal are appointed by All-College Cabinet. Their term of office expires after one year of service although they may be re-appointed. Harold Brown is chairman of Tribunal this year and in the capacity of his office is also an ex-officio member of All-College Cabinet.

Tribunal has as one of its aims this year to serve not only as a corrective organization but as one which anticipates its problems and functions also as a preventive society, according to Brown.

The Lion party was organized shortly before the last spring election, taking the place of the Nittany-Independent party which crumbled after last fall's sophomore elections.

Mateer's Tomb? Only Pix Booth

For days the huge crate stood in the lobby of the Corner. For days students wandering through wondered what might be contained in the six by three by eight foot case.

Conjectures ranged from a stuffed horse to a new soda fountain. One wag suggested that it might be a vault for Mr. Mateer. Yesterday morning the mystery was solved, though. Husky workmen pried the boards apart and ripped off the covering.

There stood unveiled a modern mechanical marvel: a "take-your-own photo" machine, ready to go to work.

Brown

Players—

(Continued from page one)

plays already chosen are "All My Sons" and "Dark of the Moon".

The Players and dramatics annual "Shindig" is scheduled to be held in Schwab Auditorium at 7:30 p. m., Monday, September 27. The "Shindig" provides a means of getting new students interested in dramatics and in the work which Players do. Entertainment and refreshments will be provided.

Cabinet Head Greets Sophs

Hello Sophomores:

On behalf of the student body I want to welcome you to Penn State. By the time you read this message you should be well on the way to feeling like a real Penn Stater.

One of the last things you will become acquainted with in the usual run of events is Student Government. Since this is your student government, I feel that I should explain it to you at this early date.

Student government, headed by All-College Cabinet needs the direct or indirect support of every student. All of you who are interested in working actively in student government should start to get into the swing of things now. By the time you become seniors you will be well prepared to do the best job possible for the betterment of Penn State.

Student government is for you. When you help it, you're helping yourself.

Don't think that student government is run just by the seniors. It's a cooperative job. Every class has a major hand in it.

By orienting yourself now, and organizing your class well, you will be better able to take your place in the scheme of student government.

In the early part of November you will have an election of class officers. That will be the time to make the Sophomore class a class to remember. Every one of you should get to the polls and

vote. Let's make this a 100 percent vote and show that the Class of '51 is 100 percent interested.

The student officers will be glad to answer your questions at any time on anything pertaining to student government. They are ready to help you and ready to be helped by any constructive criticism you may have.

Let me close with a wish for good luck in the days you have to come at Penn State.

William Lawless,
All-College President

Forum Offers Top Speakers

An opportunity to see and hear some of the outstanding political and cultural leaders of the country will be given to the College students in a few weeks when the Community Forum begins its fifth year of presenting programs to the students and townspeople.

Sponsored by 19 groups including the All-College Cabinet, the American Legion and the Penn State Christian Association, the forum brings outstanding national figures to the College at the lowest possible admission charge to the students.

Norman Cousins, H. P. Knickerbocker, Walter Durante, Drew Pearson and Sen. Wayne Morse were a few of the speakers on last year's programs and as soon as final booking arrangements are made, tickets will go on sale for this season's forums.

Hugh G. Pyle is chairman of the Forum committee and Dr. Rose Colegne is chairman of the booking committee.

"WEEK-END TEST"
proves:
Cleaner shaves quicker!

DON'T JUST GUESS WHAT GIVES YOU THE BEST SHAVE
—MAKE THIS MOLLÉ "WEEK-END TEST."

1. Let your beard grow during the week end.
2. Monday morning, when your whiskers are at their longest and toughest, put your present cream on half your face.
3. Put Mollé, the heavier brushless cream, on the other half of your face. Spread it thin!
4. Go over your face JUST ONCE with your razor ... and feel the difference.

use Mollé on this side

use your present cream on this side

FEEL THE DIFFERENCE

Double your money back ...

... if Mollé does not give you the best shave you ever had in your life. Get a tube today. If this test does not convince you, just mail us back the Mollé tube. Address, Box 49, New York 8, N. Y.
